In Rush County

ESTABLISHED AS A WEEKLY: THE REPUBLICAN, JAN. 1892.

"The Newspaper Everybody in Rush County Will Eventually Read."

CHANGED TO SEMI-WEEKLY MAY, 1903; DAILY MARCH, 1904.

Vol. 14. No. 11.

Rushville, Indiana, Tuesday Evening, March 26, 1918

TEN PAGES TODAY

ALLIES CONTINUE TO FALL BACK

Germans Concentrate for Attack South of Somme

Blocked on Right Flank by Stubborn Resistance, Hindenburg Prepares for Drive on Roye.

RIGHT FLANK OF FRENCH HOLDS

British and French Evacuate Noyon and Other Small Towns in Their Retirement.

Paris, March 26.—Noyon was evacuated during the night, the French war office reported today. The retreat was made in good order. The French are holding the left bank of the Oise.

Noyon is 20 miles west and south of the location of the line before the German advance.

Rome, March 26.—Activities are increasing on the Italian front in co-operation with the allied defense in France.

This indicates that the Italians have begun a demonstration to prevent further withdrawal of Austrian forces for use on the western front or to compel Hindenburg to use his forces in Italy.

Hindenburg, blocked on his right flank by the stubborn resistance of the British is concentrating an attack south of the Somme in the region of Roye and Noyon. This appears to be a continuation of the effort to drive a wedge between the British and French lines.

Both the British and French are falling back here, evacuating Noyon and other small towns. The right flank of the French is holding along the Oise, however, and the French still maintain their position on the south bank of the river.

FARTHEST GERMAN ADVANCE

Roye is 24 Miles From St. Quentin Where Drive Began

London, March 26.—Fighting has died down east of Roye and Albert, Field Marshal Haig reported today. The British have established new positions there.

Albert is southwest of Bapaume. Roye marks the farthest German advance. It is 24 miles southwest of St. Quentin where the lines were held before the German advance began. The statement says:

"North of the Somme continuation of the fighting was expected but has not developed. Attacks were reported developing against the French in the neighborhood of Chaubais and Roye.

"The enemy continues to lose severely, reinforcing the line in all parts of the western theater. Over 70 hostile divisions are engaged."

ALLIED DEFENSE STIFFENS

Fight Germans Like Tigers Across Famous Pozières Ridge

With the British Army in France, March 26.—The 6th day of the battle finds the British and Germans fighting like tigers across the famous Pozières ridge which Haig wrested from Hindenburg in the fall of 1916.

Fighting continues, the enemy drawing in more men in the direction of Albert, from the high ground around Montauban. Here the British are resisting stubbornly.

The allied resistance is daily stiffening. The enemy is trying to break through south of Arras, toward Albert and Noyon.

The Germans are reported today along a line through Logeastwood, and Montauban, fighting madly. Hindenburg is playing leap frog with death. He is driving 30 divisions until they are exhausted. Then 30 more are put through the push and when these are spent and the first so they can replace them, "leapfrogging" the first through the second goes on.

INTERVENTION IS NEARER

Time Approaches For Allied Army Reserve to Enter Breach

London, March 26.—Every hour brings nearer the moment when the allied army reserve will be ready to intervene in the struggle before which Hindenburg must accomplish his end or see the tide of battle go against him, dispatches from the French front declare.

The German advance will be stopped as soon as the initial momentum is absorbed by the exhaustion of battle.

The way to Paris is blocked by powerful French armies under a general of true capacity.

Although Britain has confidence in Haig, there is a general disposition to face facts squarely and not minimize the possibility of further retirement.

The Manchester Guardian says: "We have suffered a severe defeat but we know how to draw a victory

Hour Is Near For Entrance Of Reserves

Greatest Battle of War is Pending When Allied Armies Make Counter Drive on The Germans—Battle Will Probably be on Line Existing Before Somme Campaign of 1915.

(By United Press.)

Washington, March 26.—The hour of the great allied counter-drive on the Germans is drawing near, allied and American officers said today.

The entrance of the army of reserves into the fighting which promises to be the greatest battle of the war is imminent, the officials say.

The Kaiser's legion is close to the battle line existing before the Somme campaign in 1915 and American officers believe that it is there the counter attack will come.

CENSORSHIP OF NEWS IS CRIME, LODGE SAYS

(By United Press.)

Washington, March 26.—With the fate of the war "trembling in the balance," Senator Lodge today denounced as a crime the government's refusal to inform the people of America's peril.

"A wasted year is behind us," he exclaimed in a passionate speech. "Our sector of the western front is undefended from the air. There is not an American plane there—although we have spent \$840,000,000 in the last week."

This fact is well known to the Germans he said.

"Our gallant army is holding back the German advance at terrible cost. In this dark hour it is a crime to keep from the American people facts well known to the enemy."

FAVORABLE REPORT MADE ON BATTERY C

Twelve Members of This Unit of Second Indiana Present at Federal Inspection

MAY BE CALLED IN 6 WEEKS

A favorable report of Battery C of the Second Indiana artillery of which twelve Rush county boys are a part, was given at the federal inspection of the battery held in Indianapolis last night by an army officer. The local young men were the first to arrive and the entire unit from here was present at the inspection.

The sentiment expressed at the inspection was that there is a possibility of the Second Indiana being called into service within the next six weeks, although the time may be extended much longer. Little is known definitely as to whether they will be called into service and if so when. Byron Cowing recruited the local unit and was in charge of them last evening.

out of defeat, but it is not a decision and will not be. We have lost ground but we are still far in advance of the position which has saved France for two years."

BOYS ENLISTING FOR FARM WORK

Patriotic Duty to Increase Food Supply is Put Before Them by Governor

IS A STATE WIDE MOVEMENT

Young Men Will be Dismissed From School Three Weeks Early For Work

Rush county boys are beginning to enlist in the Boys Working Reserve, offering their services for work on the farm this summer in order that the places of men who have gone to the front may be taken and the food supply increased. The appeal is being put to the young men through the schools—in the city schools by Superintendent J. H. Scholl and over the county by Superintendent C. M. George.

The request that young men over the state enter this service has been given out by Governor Goodrich in a statement which ends with "Therefore, I urge that every boy between the ages of 16 and 21 who has not already done so, enroll with the United States Boys Working Reserve, thereby indicating his willingness and readiness to do his part toward winning the war. Let the farmers and producers of Indiana be assured that as they need help, the help will be forthcoming. This may be guaranteed only by an enrollment of every boy in the state, whose absence from the ranks of the reserve without sufficient excuse lays him open to suspicion of slacking."

Boys enlisting in the reserve receive a button, upon joining, and at the end of 36 days working on a farm or longer in some other lines of work, they receive a medal for their efforts. Too, they are placed on the honor roll of the school which will appear in connection with the lists from their schools in the state.

The majority of the country schools dismiss early enough to allow the young men who have enlisted in the reserve to aid in the

Continued on Page 2.

ONE VOLUNTEER FOR PURDUE ARMY SCHOOL

Clifford Hardwick, Class One Registrant, Is First to Answer The Call Here

COUNTY MUST SUPPLY QUOTA

Clifford Hardwick of the Peoples National bank, a class one registrant, is the first to volunteer for the Purdue army school which will be opened about the first of May. The board is allowed to receive voluntary inductions up to Friday.

Instructions received today indicate that the county will have to fill its quota by drafting men if there are not enough volunteers. It was at first believed that if there were enough volunteers all over the state to fill the state's quota of a little more than 500, counties which ran behind their quota would not have to draft any men. The quota of each county for this call is 1.7 per cent of its first gross quota. A letter received by the county board today said the gross quota would be received in a few days. It is not likely Rush county will have to supply more than three men.

Additional instructions regarding this call received today said all men inducted should entrain April 28. The call was first issued as a five day movement.

MAY BE CROWNED CZAR

According to recent reports the Germans may put the former czarévitch on the Russian throne. Here is the latest photograph of the son of the ex-czar, now plain Alexis Romanoff.

URGES WOMEN TO AID IN BOND SALE

Suffrage Talker Places Stress on Duty of Women to Help in Third Liberty Loan

COUNTY FRANCHISE MEET

States Women Should be Given The Vote and Have Voice in War Settlement

"Boost the sale of Liberty Loan bonds" was one of the principal keynotes of the live-wire suffrage talk made by Mrs. Olive D. Lewis of Richmond before the members of the Rush county Franchise Leagues from New Salem, Carthage, Milroy, and Rushville, who met in the Social Club this afternoon at the annual county convention.

Mrs. Lewis made it plain that the duty of the Franchise League members is not only to bend their efforts in securing the vote but to show they are worthy of it by aiding in the enterprises of the country as they come up today. An explanation was given of the duties of each of the state committees of the League. They are: committee on war service, Red Cross, war census committee, thrift and conservation committee, Liberty Loan committee, war industrial committee, and Americanization committee.

Worthwhile work is being accomplished by each of the committees. One of the principal things before the thrift and conservation committee at present is to secure the services of a woman county agent to give demonstrations on the use of substitutes and canning processes. The services of such an agent may be procured by the women securing an appropriation of \$100 from the county commissioners which is added to the fund appropriated for the government for that purpose.

The necessity of women procuring the ballot now as never before was emphasized by Mrs. Lewis who pointed out that the balance of power had been in the hands of the ignorant classes and with the flower of the young voters going to Europe where they would not be able to vote

Continued on Page 2.

WEATHER

Cloudy, snow or rain to-night, Wednesday.

CENTER IS READY TO ANSWER CALLS

Workers Appointed in Each District of Township For All Coming Drives

IN COUNTY ORGANIZATION

Heads Are Named For Red Cross, Liberty Loan and Y. M. C. A. Movements

Any patriotic call that comes to Center township will find the township ready to answer it. The township committee of three, a part of the county's war organization, has perfected an organization which covers every part of the township for every phase of war relief work. In each of the four districts into which Center has been divided, there are two workers appointed to head the Liberty Loan drives, two for Red Cross and two for Y. M. C. A. drives. Leaders for other campaigns and activities will be appointed by the township committee as the need arises.

The patriotic meeting, presenting all patriotic causes, will be held in Mays some time between April 1 and April 6 by the request of the committee. To make it the biggest meeting of the kind is the aim of the workers there who are arranging an excellent program. Following that mass meeting the twenty-four workers appointed for all activities will meet and make definite plans to cover Center township in the most efficient way in the coming drives and to aid in putting Rush county "over the top" in each call.

B. B. Benner is chairman of the Liberty Loan drives. His workers include: northeast district, Frank Ludleson and Charles McBride; southeast district, George B. Clark and Walter Bitner; northwest dis-

CENSORSHIP FELT IN LOCAL CHAPTER

Order Comes Forbidding Publication of Number of Dressings Completed

PROGRESS IS CONFIDENTIAL

The strict censorship of all facts that might be of interest to the enemy is being felt by the Rush county Red Cross chapter for the latest order is that "no public announcement shall be made as to the total number of dressings made by any chapter." The same kind of an order is expected at any time concerning the hospital garments as well. Red Cross workers from over the county, wishing to know of the progress of the chapter, may get the details of the number of surgical dressings being made from the secretary, Mrs. Harrie Jones, but the information will be in the future of a confidential nature always.

In the past, the number of surgical dressings has been reported monthly and the figures published of the entire number for the month and the number sent out in each box.

The instruction given in the letter received by the secretary from F. E. Abbott, director of the bureau of development, read: "It is especially desired that no public announcement be made of the total number of dressings asked for the army in any chapter. This information will appear to be of a confidential nature and will of necessity be the cause for caution in the use of these figures."

DON'T FUSS WITH MUSTARD PLASTERS!

**Musterole Works Easier, Quicker
and Without the Blister**

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

BOYS ENLISTING FOR FARM WORK

Continued From Page 1
busiest season on the farm. Young men in the Rushville schools will be dismissed three weeks before the term closes and receive credit for their services as the busy season on the farm starts.

Most of Rush county's patriotic young men will be unusually fortunate in enlisting in the working reserve for there are calls for work in the county itself for practically all of the young men who enlist, and to work during the summer for some one's father, or uncle or good friend will be far easier than doing what many of the city boys will do, go into some strange neighborhood with an entirely new employer.

Lotus Gartin is improving nicely from a recent operation when he had his tonsils and adenoids removed.

MORE DECLARATIONS FOR CANDIDACY FILED

Three Candidates For Township
Trustee and One for Council-
man-at-Large Appear

TEN REPUBLICAN DELEGATES

Several more declarations of candidacy have been filed with the clerk of the court for the primary election May 7. The time is growing short because all candidates who want their names on the primary ballot must have their declarations on file by April 6.

The candidates for the nomination as township trustee have appeared. Omar Stevens is a candidate for the republican nomination in Noble and Ed V. Jackson is the democratic candidate in Washington and Rolla W. Alexander the democratic candidate in Posey. Edgar Noble of Rushville township has filed as candidate for democratic nomination for county councilman-at-large.

So far nine of the fifteen delegates to be elected in the primary for the republican state convention have filed declarations. There will be four from Rushville township and one from each of the other townships. Those filing are: Charles Hugo and John C. Blackledge, Rushville; I. N. Stevens, Jackson; Thomas K. Mull, Walker; Thomas W. Harbert, Orange; William M. Bosley, Anderson; R. C. Hill, Ripley; E. O. George, Richland; Raymond Bowles, Center.

Albert Downey is suffering with tonsilitis.

Guy McBride of Mays is suffering with the measles.

Miss Dorothy Irene Moore has accepted a position at the Manzy company's store.

A son has been born to the wife of Amos Baxter. The baby has been named Amos Roy.

Miss Helen Matlock, daughter of Mr. and Mrs. Dan Matlock of North Jackson street, has the measles.

NEW INSTRUCTOR IN MANUAL TRAINING

Willis C. Crook, Formerly in Indianapolis High School, Succeeds
R. J. Cullipher Today

LATTER IN GOVERNMENT WORK

Willis C. Crook, formerly instructor of manual training in the Manual training high school in Indianapolis, took charge of the work in the local high school today following the resignation of H. J. Cullipher.

Mr. Cullipher, who, as the capacity of manual training instructor, has been a member of the high school faculty for almost three years, has entered government work and will go to Watertown, New York, where he will be employed in the construction of guns.

The new manual training instructor comes highly recommended by the school authorities of the Manual Training high school where his work was most successful. Both the new instructor and the retiring one formerly resided in Anderson.

URGES WOMEN TO AID IN BOND SALE

Continued From Page 1

It was the duty of the mothers and sisters and wives of these men to secure the ballot and cast votes in the right direction for them.

"Woman wants her influence felt in the settlement of the war for she wants this to be the last war. Too, in the reconstruction period, the hand of women should have a part so that the women and children will be given the proper consideration," she concluded.

Election of officers took place at the business meeting and reports from each League were given.

AUTO RUNS INTO TRAIN

(By United Press.)

Frankfort, Ind., March 26.—Charles Miller, a stock buyer, was killed and Chester McKinsey, a farmer, fatally injured today when an auto in which they were riding ran into a trailer of a freight train.

TO WEAR DECORATIONS

(By United Press.)

Washington, March 26.—General Pershing through the war department has asked congress to authorize American soldiers to wear decorations bestowed on them by the allied government and to give him similar powers to give similar decoration to the allies.

APPEALS TO WORKERS.

(By United Press.)

London, March 26.—Winston Churchill, minister of munitions, today appealed to munition workers to work during the Easter holidays in order to make good the expenditures on the western front.

Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day, in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

INITIATORY DEGREE

Franklin Lodge No. 35, I. O. O. F., will have five candidates for the initiatory degree next Wednesday evening. Every member is urged to attend. Visitors are expected from Connersville. The orchestra will provide music.

Jackson Township Trustee

We are authorized to announce the name of James Newhouse of Jackson Township as a candidate for Township Trustee of Jackson Township, subject to the decision of the Republican primary election, May 7th, 1918.

Discredit False Rumors

Loyal Americans should regard it as their duty to discredit such false and ridiculous rumors as were afloat yesterday and kept not only the people of this county, but those of many adjoining ones in a state of feverish excitement. The stories, all apparently without foundation, only served to arouse patriotic citizens to false hopes, which collapsed when they learned the truth.

The fact that such stories are repeated on the wires does not mean

Shall We Kill the Calf?

By J. OGDEN ARMOUR, Chairman Food, Fuel and Conservation Committee, Illinois State Council of Defense

There is a calf problem in this country and it has not been solved by the plea to the American housewife to stop buying veal. Nor would a law stopping the butchering of calves present the solution.

More calves were slaughtered during the past year than any previous year. Thousands upon thousands of young animals capable of being developed into good beef at a profit were vealed. Millions of pounds of meat were thereby wasted. Whether the waste was actual or theoretical, this fact stands out and stares us in the face: The present world meat shortage might have been considerably alleviated had a wiser policy in the handling of calves prevailed during the past years.

There are two general kinds of calves and they require totally different treatment. There is no excuse for the slaughter of beef calves and there is no justification for the maturing of all dairy calves. The problem is to raise all beef calves to maturity and to prevent the waste of food by extended feeding of excess dairy calves. It is a waste of food to raise dairy calves that are not to be kept for dairy purposes. There is just as much need for slaughtering excess dairy calves when they reach the veal age as there is for encouraging the farmers to mature their beef calves.

It is difficult to discuss calves without touching on baby beef. Baby beef is economic from every angle. A great many of the beef calves which were sent to the Fort Worth and Kansas City markets during the past year were of the type that would pay if matured as baby beef. They average around three hundred pounds, and in the hands of capable farmers who had the necessary feed available, they could have been made into eight hundred to one thousand pound meat animals before they were two years old and at less cost than three years olds, because young animals will make flesh out of a greater proportion of their feed than will older animals.

that they are the truth. In a war of for the kid. The kaiser is wise—the such magnitude, it is the wisest policy to await the statements of the war authorities or of accredited and experienced war correspondents who are at the scene of the conflict.

It is within the pale of possibility that pro-Germans are at the bottom of all the foolish tales of this sort in times of stress. The people should not allow themselves to be rushed to false conclusions by untrue stories from the battlefield. It is time enough to rejoice when an allied victory is announced.

The safest attitude in such days as these is to remain calm and cool and await results as they come. The situation, while serious, is in no wise dangerous, though it appears that the Germans are making more rapid gains than were anticipated, judging from previous allied statements. However, there is nothing yet to cause very great alarm to be felt for the cause which is dear to the heart of every American. While the Germans have moved forward on a front of almost fifty miles, their conquest can not continue thus because of the great sacrifices in men they have made. Even now the battle line has not been pushed back to where the British were entrenched early in March last year when the spring operations began.

What Your Bond Will Buy

The following figures give one a definite idea of what his or her loan to the Government by the purchase of Liberty Bonds will accomplish when used by the War Department:

One \$50 bond will buy trench knives for a rifle company, or 23 hand grenades, or 14 rifle grenades, or 37 cases of surgical instruments for enlisted men's belts, or ten cases of surgical instruments for officers' belts.

\$100 bond will clothe a soldier, or feed a soldier for eight months, or purchase 5 rifles or 30 rifle grenades or 43 hand grenades, or 25 pounds of ether, or 145 hot-water bags, or 2,000 surgical needles.

A \$100 and a \$50 bond will clothe and equip an Infantry soldier for service overseas, or feed a soldier for a year.

Two \$100 bonds will purchase a horse or mule for Cavalry, Artillery, or other service.

Three \$100 bonds will clothe a soldier and feed him for one year in France, or buy a motorcycle for a machine-gun company.

Four \$100 bonds will buy an X-ray outfit.

One \$500 bond will supply bicycles for the headquarters company of an Infantry regiment.

All honor to Captain Archie Roosevelt! That honorable wound, received while bravely battling at the front, will go a long way toward reconciling the people here at home to any little peculiarities they may not like about the Colonel.

Little Finland asked for a son of the kaiser as her ruler, and the kaiser sent his armies ahead to be sure of the right kind of a reception

Maryland voted for nation-wide prohibition but decided to keep her supply of booze on hand in a friendly effort to quench those Washington thirsts.

Holland seems to have gotten in "dutch" on the shipping question.

Apple; northeast district, H. C. Atkins and Charles Griffin; southwest district, Charles M. Trowbridge and Merrill Kirkpatrick.

Caused From Diphtheria According to Physicians

In most histories it is stated that George Washington died from pneumonia or quinsy, but Dr. J. A. Nydegger of the United States public health service sends to the Medical Record a letter written by Dr. Cullen Dick of Alexandria, Va., on January 10, 1800, which shows that "he undoubtedly died of diphtheria."

The letter recounts the circumstances of Washington's last hours, the consultations of the physicians in attendance, of whom Doctor Dick, the writer of the letter, was one, and tells how Dick urged that the sufferer's trachea (windpipe) be cut open so as to permit him to breathe. The other doctors would not consent to this. They had bled their august patient in vain, and would not even give a name to the disease from which he was dying. It appears that Doctor Dick was reluctant to acknowledge that there had been an outbreak of croup in Alexandria, and he would use only the term "inflammatory quinsy" for that with which Washington was afflicted.

Doctor Dick's description of the disease, to which he proposed to give the name "cynanche laryngea," was one of diphtheria; he did not use that word perhaps because it had not yet been invented.

SHE WAS IN BED TWO MONTHS

Women suffering backache, rheumatic pains, sore muscles, stiff joints or any symptoms of kidney trouble should read this letter from Mrs. S. C. Small-Clayton, N. M.: "I had been under the doctor's care all summer and in bed two months, but kept getting worse. In January I got so bad I told them something had to be done or I couldn't live. We noticed an advertisement for Foley Kidney Pills and sent for some. They have done me more good than all other medicines." F. B. Johnson. (Adv.) 3

Our Dollars Are Called To the Colors

The Third Liberty Loan

Our terms of peace are written so clearly that all the world can see. There is no thought of conquest; only the demand of freedom that—for us and for all—the world shall be free.

The United States is to show the world that America, in Liberty's cause, responds more freely to each call for the sinews of war. And let us also show our country that Rushville and Rush County are in the forefront. Let each subscribe to a Third-issue Liberty Bond—the biggest one we can.

Without charge the services of our two institutions are extended to you.

RESULTS OF GERMAN AIR RAIDS OVER PARIS

The upper photograph shows a view of several of the houses which were wrecked by the bombs dropped by the Germans. These places of "military importance" to the Germans were the homes of the people who live in the poorer section of Paris. The lower photograph shows the results of bombs dropped on the dormitory of a children's hospital, which fortunately had been vacated in time by the 200 children, and none were injured there. The building is a mass of wreckage. If the children had not been removed doubtless every one of them would have been killed.

HIGHWAY CASE IS SETTLED IN COURT

Petitioners and Remonstrators in
Ellison Road Case Reach an
Agreement Monday

PART OF EVIDENCE HEARD

The petition of Elmer Ellison and others to straighten a highway north of Rushville near Sexton, which originated in the county commissioners court, was settled by agreement in circuit court late yesterday afternoon after a jury had been impaneled and part of the evidence heard.

According to the agreement, Lewis F. Nowhouse dismissed his remonstrance in consideration of \$100, payable by the petitioners before the road is opened. Mr. Nowhouse is to put up a fence on his side within 30 days. The same agreement as to Anna J. Sipe was made, except that the petitioners are to pay her \$150. Each of said parties are to pay the costs accrued by them. Anna E. Kiser dismissed her remonstrance and the petitioners are to pay her part of the court costs and also seven witnesses if they claim fees. Mrs. Kiser is to remove her fence in 30 days. The reviewers report was approved by agreement and the road ordered opened. The petitioners are to pay their own court costs.

The petition of Mary E. Groves to have B. F. Miller discharged as her guardian because she alleged she was able to transact her own business, was denied by the court.

A new Thrift Stamp agency has been established at the Mauzy company's store.

HE NOW LAUGHS AT THE MEN AT THE TABLE.

This Man Was Always Ill at
Ease While Waiting for His
Dinner, Until—Pepsinco.

He would order a few little things and see visions of pains, nausea, misery and everything but enjoyment when they were put before him. Much of little never failed to leave the same miserable, disagreeable, sick headachy feeling. He had to eat and suffered the consequences.

He thought he was doomed to eternal chronic stomach trouble. He doctored, used many remedies, but no help.

A stranger, a good Samaritan, saw his condition; asked him the reason; offered him Pepsinco, and now a happy, smiling diner awaits the steaming dishes.

If your stomach bothers; if your food sours or disagrees with you; if pains follow a meal and sick headache is a rule, stop at the drug store and get a small package of Pepsinco now today. It is a positive remedy for bad stomachs.

ELBERT HODGE DIES AFTER SECOND STROKE

Been in Failing Health For Two
Years and Passes Away This
Morning Early

FUNERAL AT GODDARD CHURCH

Elbert Hodge, aged 61 years, died at his home six miles west of this city this morning at two o'clock, following a stroke of apoplexy which he suffered yesterday morning at 9 o'clock. He suffered the first stroke about two years ago and has been in failing health since that time.

Mr. Hodge was born in this county and had spent all of his life here. Until his last sickness, he was a farmer. He was a member of the Christian Union church at Homer and was well known throughout the county. Surviving him are a widow, two children, Zeno Hodge, and Mrs. W. P. Stanley, and one sister, Mrs. William Grocox.

The funeral services will be held at the Goddard Methodist church tomorrow afternoon at 2 o'clock, with the Rev. Mr. McMullin of Blue Ridge in charge.

MEN ARRESTED FOR CONNERSVILLE POLICE

Roscoe White Fined for Defrauding
Rooming House Keeper—Walter
Shockley for Contempt

LATTER IS HELD FOR TRIAL

Roscoe White of this city was fined one dollar and costs in Connerville yesterday on a charge of defrauding a rooming house keeper and Walter Shockley was arraigned today on a charge of contempt of court for not complying with the terms of a divorce decree granted in the Fayette circuit court.

Both men were arrested here yesterday by Deputy Sheriff Will Spivey, who received word from the Connerville police of the offenses the local men had committed there. White's fine was suspended by the judge and he was released after paying the costs, amounting to \$7.45. He returned to this city last night. Shockley remained in jail last night awaiting trial today.

WOMAN THROWN FROM BUGGY

Mrs. Harvey DeWeese is suffering from a dislocated shoulder since being thrown from a buggy yesterday near her home on the Birney Anderson farm when the horse which she was driving ran away. She was starting from home when the animal frightened and started up at such a speed that she was thrown from the buggy.

Opera numbers were the features of the program prepared by Mrs. Neff Ashworth for the meeting of the Ladies Musicales which was held yesterday afternoon in the court house. There was a large attendance of the members who enjoyed the following program:

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the wide-spread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorous in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorous. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you ever were nervous, tired out and run down, you can feel it taking hold.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only.—PITMAN & WILSON and leading druggists everywhere. Rushville, Ind. (Adv.)

Champions The Cause of Women Today

Mrs. Demarchus Brown of Indianapolis Gives Intensely Interesting Lecture Before Monday Circle Members and Husbands at Meeting at Home of Dr. and Mrs. J. C. Sexton Last Evening.

"It is no wonder that women have the reputation of nagging," stated Mrs. Demarchus Brown in talking before the members of the Monday Circle and their husbands last evening. "Until late years, they have never had any power, they have never had any way to get what they wanted without using their tongues. It is through their own persistence that they have received the position in religion and education that they have now attained. They are getting the vote and brave Russian women have even formed the Legion of Death, so after all, their nagging has not been in vain."

The excellent lecture was given at the home of Dr. and Mrs. J. C. Sexton before a very interested company of people.

Mrs. Brown made the above remarks in commenting on the sister of Catherine in "The Taming of the Shrew," one of the plays on which she talked. The other was "Two Gentlemen of Verona."

"The best production of the former play," she stated, "was given by John Drew and Ada Rehan, which was the first time the full play had been given since the time of Shakespeare. The characterization of Catherine is based on that of Anne Hathaway, Shakespeare's wife for she presents many of the characteristics of Anne Hathaway as we know her."

Interesting comments were also made by the speaker on "Two Gentlemen of Verona." "Shakespeare always had his women pursue the men and they always succeeded too," stated the speaker. Mrs. Brown gave vivid characterizations of the players and brought out the strong points of the plays.

Mr. and Mrs. Carl Gunning will be the guests of honor at a dinner party to be given by the members of the Thursday afternoon Bridge club and their husbands on Friday evening. The affair has been planned honoring the fourth wedding anniversary of the honored guests and following the dinner party in one of the down-town restaurants, a bridge party will be given at the home of

WRITTEN ON FACES--- RHEUMATISM

It runs up into the nerves, causes the expression in the face, makes you look and feel sicker than you look, you rheumatics understand. But there isn't as much of it as there used to be. "Neutrone Prescription 99" has educated us to freedom of all Rheumatism and its many ailments.

"Neutrone Prescription 99" loosens those painful, swollen joints and muscles. You can distinctly feel all troubles leaving you and comfort and happiness creeping in. There is absolutely nothing else known like "Neutrone Prescription 99" for all Rheumatism.

You can prove it, get a 50c or \$1 bottle of your druggist today.

GLOVES for Easter

A splendid line of French Kid Gloves in white, black and colors. Plain white and white stitched in black or tan with cuff to match is the final word.

Mr. and Mrs. Gunning in West Tenth street.

Honoring her house guest Miss Lena Rutledge of Edinburg, Miss Rema Offutt entertained at her home in East Sixth street Sunday with a prettily appointed dinner party. The dining room was arranged with a profusion of dainty spring blossoms which made a pretty decoration for the table. Covers were laid for Miss Prudence Pope, Miss Belva Phillips, Miss Vonnie Phillips, and Miss Sylvia Dye.

The members of the Pythian Sisters will meet tomorrow evening at a called meeting which will be held at 7:30 in the Knights of Pythias club rooms. The meeting has been called in order that several business matters might be discussed and for this reason a good attendance is desired.

Miss Hazel Mohler will entertain the members of the Priscilla Art club of Falmouth at her home north of the city Thursday. The meeting will be an all day affair when Red Cross sewing will be done and at noon a pitch-in dinner will be served.

Honoring Mrs. James E. Watson who has returned from Washington, D. C. for a short visit here, the members of the Wi-Hub club will be entertained at the home of Mrs. Robert Innis in North Harrison street this evening.

A good attendance is desired at the meeting of the W. R. C. which will be held tomorrow afternoon in the Grand Army rooms at the court house.

Red Cross Notes

The ladies of the Women's Relief Corps and of the First Baptist church sewed at the headquarters this afternoon.

The ladies of the St. Mary's Catholic church will not sew at the headquarters this week, inasmuch as it is Holy Week.

The Dr. Gilbert Class of the Christian Sunday school will have an all day meeting at the headquarters on Thursday of this week.

The regular meeting of the Falmouth auxiliary to the Red Cross will be held on Thursday afternoon at the home of Mrs. A. C. Fisher in Falmouth. The demand for hospital supplies necessitates a good attendance at the meeting in order that the auxiliary may complete its quota of supplies.

The new order has come from the Cleveland headquarters of this district of Red Cross that the wraps of the workers must be left outside of the room where the surgical dressings are made. A rack has been placed at the door of the surgical dressing room on the second floor for the hats and coats of workers. The ruling has been made in order that no dust or dirt of any kind may get into the bandages.

"More workers" is the call from the headquarters. The telegram received recently from the Cleveland division headquarters stating that supplies are needed now as never

before has put the responsibility on the local chapter for putting out an unusual amount of work. With conditions on the firing line as they are now, hospital supplies must be rushed across. For these reasons, Rush county women are urged to respond to the call of Red Cross, and be at the headquarters in the sewing room and bandage classes on every day possible.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

SHELBYVILLE BOY IS IN MIDST OF FRAY

Corporal Pleas Greenlee With Rain-
bow Division is "Where Guns
Talk Business"

HE HAS MANY FRIENDS HERE

Corporal Pleas Greenlee of Shelbyville, who is widely known through Rush county, has written to friends and relatives a letter which indicates that he is in the midst of the fighting with the Germans. Corporal Greenlee was a member of the Rainbow division and says that the boys are "where the big guns talk business." A portion of his letter follows:

"This is to let you know that we are now where the big guns talk business. The time is at hand for us to show our mettle and I believe every man is glad that the opportunity has come. The boys are all anxious for the fray as they believe the sooner it comes, the sooner it will be over."

George Birely and Earl Porter are two other Shelbyville boys in the 150th field artillery who have hosts of friends here.

SWITZERLAND FEARS INVASION BY GERMANY AND AUSTRO-HUNGARY

The massing of large bodies of German and Austro-Hungarian troops along the Swiss frontier has caused Switzerland to fear that Hindenburg intends to invade its territory in the effort to turn the French right flank. The illustration shows Swiss mountaineer troops on the path to the Dreispachenspitze on the frontier, and, at the left, an officer of the Swiss army wearing the recently adopted steel helmet.

TO PROTECT CIVIL RIGHTS OF SOLDIER

Law Passed by Congress Designed
For This Purpose is Received
by Army Board

SOME OF ITS PROVISIONS

Not Haven For "Dead Beats" But
Will Prevent Unfair Advantage
Being Taken of Soldier

To protect the civil rights of soldiers while at war, the congress has passed a law entitled "An act to extend protection to the civil rights of members of the military and naval establishments of the United States engaged in the present war," copies of which have been received by the Rush county army selection board.

The act is of especial interest here now since there are two cases pending against soldiers in the circuit court and two others have been only lately filed.

The act does not offer a haven of refuge for "dead beats" who might join the army and escape their debts but it does prevent any undue advantage being taken of a man while away from home in the defense of his country.

The very first section of the law explains its purpose and is as follows:

"That for the purpose of enabling the United States the more successfully to prosecute and carry on the war in which it is at present engaged, protection is hereby extended to persons in military service of the United States in order to prevent prejudice or injury to their civil rights during their term of service and to enable them to devote their entire energy to the military needs of the nation, and to this end the following provisions are made for the temporary suspension of legal proceedings and transactions which may prejudice the civil rights of persons in such service during the continuance of the present war."

The second article of the law provides where there is a default of a defendant in any action or proceeding commenced in any court the plaintiff before entering judgment shall file an affidavit showing the defendant is not in the military service. If he can not do this, the plaintiff is compelled to make an affidavit showing that the defendant either is not in the military service or that he does not know whether or not the defendant is serving his country in the military service. Making a false affidavit of this character is punishable by imprisonment not to exceed one year or by a fine not to exceed \$1,000 or both.

Another provision is that any action against a person in the military service may be stayed, if the court deems it best, and shall be stayed if the stay is applied for by the person in the military service or by someone in his behalf. A judgment may also be stayed. Under the same conditions any attachment or garnishment of property, money or debts in the hands of another, whether before or after judgment, may be stayed or vacated.

"That no eviction or distress shall be made during the period of military service in respect of any premises for which the agreed rent does not exceed \$50 a month, occupied chiefly for dwelling purposes for the wife, children or other dependents of a person in the military service, except on leave of court granted upon application therefor or granted in an action or proceeding affecting the rights of possession."

The benefits of the act also are available to any person in military service in respect of contracts of insurance in force under their terms up to but not exceeding a face value of \$5,000 irrespective of the number of policies held.

The provisions of the act also apply when any taxes or assessments falling due during the period of military service in respect to real property owned and occupied for dwelling or business purposes by a person in military service or his dependents at the commencement of his period of military service and still so occupied by his dependents, are not paid.

Your 1918 auto license is ready for you. Louis Miner, at the Republican office.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to
Take a Cent of Anyone's Money
Unless Allenrhu Completely Ban-
ishes All Rheumatic Pains and
Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Druggists handle Allenrhu in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.—(Adv.)

NOTICE OF ELECTION

A meeting of the stockholders of the Rushville Co-operative telephone company, will be held in the sheriff's office of the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday, April 12th, 1918, for the purpose of electing a board of directors and the transaction of such other business as may come before the meeting.

M. V. SPIVEY, Secretary.

Dated Mar 18, 1918 Rushville, Ind.
4:22.

Over Here Save and Sew

Economy is the keynote of the work to be done by those who stay at home. Women who have never before done their own sewing are turning cheerfully to the needle in order to cut down the costs of home management. In doing this they are finding a new interest—a new pleasure—in making and designing their own dresses. To all who are earnestly helping the nation conserve we enthusiastically call attention to our complete showing of

LaPote Wash Goods, Dress Fabrics and Silks

Our new Spring assortment is unusually resplendent in dainty colorings and attractiveness of design at a period when individuality in dress materials is hard to express. To those who prefer distinctiveness in materials—who want style combined with durable quality, we unhesitatingly recommend our showing of

Georgette Crepe	Poplins	Ginghams	Military Plaids
Crepe de Chine	Swiss	Madras	Ottomans
Piques	Dimities	Lawns	Cordelaine
Chiffons	Voiles	Novelty Weaves	Serges

We invite your early visit to our dress goods counters with the warning that first comers will have a much greater choice from which to make a pleasing and satisfactory selection.

KEEP HOME GARDEN FERTILE; CLEAN OUT ALL RUBBISH EACH YEAR

In Your Home Garden

"Dig deep manure well work often." Thus Pliny the Elder, nearly 2,000 years ago, summed up gardening. His advice is good today.

Enthusiasm must be backed by solid purpose—enough of it to surmount obstacles and survive disappointments.

The best insurance against accidents in gardening is knowing how to garden.

The garden should always be cleaned up in the autumn as soon as the crops are out of the way, and the area seeded to some green crop such as winter oats or rye. If this has not been done the dead vines, cabbage stalks and other refuse

kills hibernating insects, as well as loosening up the soil, breaking down clods and making the soil generally more loose and friable. Soil that has been plowed or spaded, moreover, will dry out and become workable sooner than that not so treated.

Lighten Heavy Soil

If the soil is at all heavy it is advisable to make an application of air-slaked lime as soon as the plowing is done. The lime should be applied at this time so as to become thoroughly mixed with the soil before the manure is applied. Manure and lime should not be applied at the same time, as the lime will cause loss of the nitrogen in the manure.

To produce satisfactory crops of vegetables the soil must be kept in a high state of fertility. It is an excellent plan to apply stable man-

In the Upper Picture (an Unsightly Back Yard After Being Cleaned Up and Planted to Irish Potatoes. Lower Picture, the Same Area Later in the Season. Beans, Chard and Cabbage Have Followed the Potatoes, and Lima Beans Have Hidden the Board Fence.

should be gathered at once and burned. This material is liable to harbor insects and contain disease injurious to garden crops, and no chances should be taken with it.

Provide Good Drainage

If the area in the garden is not well drained this should be corrected by using tile drains spaced every 10 to 20 feet, or by open ditches, or by bedding up the soil, leaving the space between the beds for drains.

The ground should be plowed as soon as possible. If hard freezing is sure to occur after the plowing is done it does not matter if the ground is a little wet. It is particularly desirable to get the plowing done before freezing weather is past, as the alternate freezing and thawing

are to the freshly plowed or spaded soil, this to be worked in either with a disk harrow, or in cases where hand labor is employed, with a hoe or rake. This should be followed later on by a surface coat of well-rotted manure, applied about the time the crops are planted.

A simple test to determine when garden soil is ready for plowing or working is to take a handful of earth from the surface and close the fingers tightly on it. If the earth compacted in this way is dry enough for cultivation it will fall apart when the hand is opened. This test is applicable only to comparatively heavy soils, but it is these which receive the most injury if they are worked when wet.

SENT TO CAMP MERRITT, N.J.

Austin Joyce With Four Carloads of Boys Through Here

Austin Joyce of this city, who has been in training at Camp Taylor, Ky. for several months has been sent to Camp Merritt, N. J., according to

letters received from him. He has been transferred from the 325th artillery regiment, to which he was attached, to a machinists corps in which he expects to see service in France soon. It is believed that Camp Merritt was the destination of the four carloads of soldiers which passed through here with Joyce from Camp Taylor, last week.

ECKMAN'S Calcerbs

INVALUABLE FOR COLDS

If taken in time this Calcium compound lessens the risk of chronic throat or lung trouble. All the remedies and tonic qualities are combined in this Calcium compound. No harmful drugs. Try them today. 50 cents a box, including war tax. For sale by all druggists. Eckman Laboratory, Philadelphia.

WILLARD TO MEET FULTON

(By United Press.)

Chicago, March 25.—Jesse Willard and Fred Fulton signed an agreement here today to meet July 4, for the heavyweight championship of the world. The place was not named. Fulton is to get \$20,000 and Willard 75 per cent of the net receipts.

PLAY TOMORROW NIGHT

Knights of Pythias Will Present "Damon and Pythias"

Seats went on sale today for the play "Damon and Pythias" which is to be given by the Knights of Pythias tomorrow evening in the Graham Annex. The plot is at the Hargrove and Mullin Drug store tomorrow also although persons wishing to do so may procure their seats tomorrow evening at the time of the play. Between the acts of the play, which has gained favorable comment in a number of places where it has been given, will be a varied program including a violin solo by Charles Ernest Parke, a patriotic reading by

Miss Gladys Bebout and a selection by a male quartette. The proceeds from the play will be divided among the soldiers of the lodge and the Willing Workers of the Methodist church.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skin. The E. W. Rose Co., Cleveland, O.

The Food Administration Says:

If every family in the United States had just one wheatless meal each week—just one a week—the total saving of wheat in a year would be 90,000,000 bushels. The food administration has asked everybody to have two wheatless days a week and one wheatless meal EVERY day. This is easy for each individual, but imagine what the total saving in wheat will be!

Elder A. W. Harvey of Indianapolis will have charge of the services at the Church of Christ at Little Blue River church in Center township Easter Sunday, both morning and evening.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

THIRD LOAN TO BEAR FOUR AND A QUARTER

Issue Will be \$3,000,000,000 And All Oversubscriptions Will be Accepted

BONDS NOT CONVERTIBLE

(By United Press.)

Washington, March 26—The third Liberty Loan to open April 6 will be for \$3,000,000,000 at 4 1/2 per cent interest and all oversubscriptions will be taken.

Bonds of the first loan, bearing 3 1/2 per cent interest and of the second loan at 4 per cent, may be converted into the new bonds, but those of the third loan will not be convertible into any future issue. This announcement was made by Secretary McAdoo with the comment that "the great events now happening in France must fire the soul of every American with a new determination to furnish all the dollars and all the material resources of America that are needed to put an end to the execrable atrocities of German militarism."

In connection with the loan, the secretary plans to establish a sinking fund with which to purchase back any bonds of the third loan thrown upon the market, in order to aid in keeping the price up to par. The maturity of the bonds is yet to be determined, but it was officially stated that they would be a long term, probably between twenty and thirty years.

Amusements

Another Geraghty Scenario

Something new in the way of emotion, a human sentiment which has never been fully realized and which has never comprised the theme of a screen play has just been introduced to the inarticulate drama in the Paratro Play, "Within the Cup," which features Bessie Barriscale and which will be shown at the Princess theatre Wednesday. The scenario was written by Thomas J. Geraghty, formerly a newspaper man here.

The emotion which has kindled a dormant flame in the breasts of all those who have viewed the picture deals with an unceasing lack of confidence in the sincerity of a woman's reverent love. She is certain of the fidelity of her love; she knows that her ardor is true, that it is sincere. Her whole soul is racked by her devotion—yet an indomitable power draws her from her lover. She fears a curse which she knows has been cast upon her soul and which even

CHANCE TO WRITE A LONESOME SAMMY

Letter From Young Soldier in Georgia Camp Asks For Letters And Cards

OTHERS SEND SAME REQUEST

The wistfulness with which the soldiers await the arrival of the camp mail trains is evident by the numerous letters which have been received at the office of the Daily Republican, bearing the postmark of army camps in which the writers ask that their names be published, hoping that some sentimentally or at least patriotically inclined young woman may weave the proverbial web of romance about their names and brighten their days at the camp which—aside from the drill, drill, drill—has very few features of interest.

The latest arrival from a "lonesome Sammy" came today from Thomas Costa of the 28 division C. P., Camp Hancock, Augusta, Ga., and in a brief, well written message the young soldier stated that he would "like to exchange post-cards with Indiana people." Whether he is a native Hoosier or not was not contained in the letter but nevertheless his appeal offers an opening for the pent up patriotism in Rush county.

IS IN SPRINGLIKE CLIMATE

Hospital Unit is Kept Busy Night and Day

The Base Hospital number 32 is in a delightful climate according to a letter received this morning by Denning Havens from Al Sanegan with the unit and who has visited in this city frequently. He stated that it was getting warmer and that at that time it was like spring "up here." That members of the unit are quite busy was shown in his statement that "we work day and night and love it too."

the mighty force of love cannot overcome.

A romantic story, filled with love, youth and inspiration, is the basis of the plot for, "The Son of His Father," being shown at the Princess theatre this evening with Charles Ray in the leading role. On Friday Marguerite Clark appears in another of the popular "Bab" stories this one being "Bab's Burglar."

At The Gem

This evening's show starts promptly at 7 o'clock when, "The Ordeal," a masterful drama will be featured. The loyalty of the hero of the play stands out in the production as he refuses to betray his country at the cost of the lives of his loved ones. Scenes depicting conditions between the German and French lines are also shown.

County News

Summer

The Rev. Mr. Mow and the Rev. Hiram Hawkins were guests of Mr. and Mrs. John W. Zike the first of the week.

Mr. and Mrs. D. M. Pressnall and family were visiting at Oscar Brown residence Friday.

PLANT YOUR HOME GARDEN EARLY

Diagram your ground, allot the space to the vegetables you want to grow, buy your seeds, have your tools at hand, prepare for the opening of the growing season.

GET READY TO PLANT

By knowing what and where and how much you want to grow, by being prepared with your seeds and tools, by mapping out your work in advance, you will grow more and better vegetables and save time, labor and money.

INCREASE FOOD SUPPLY

Every peck of vegetables produced for home use this year, on land that never before grew food, will mean wheat and meat released for our armies and the Allies. More food means more ammunition.

HELP WITH A GARDEN

If you don't know how to garden or want to refresh your knowledge on the subject, write for bulletins that will take you through all the steps in making your back yard produce food.

U. S. Department of Agriculture, Washington, D. C.

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and glossy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods there are other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-ferrin, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them. A treatment of lecithin and iron peptonate as combined in Bio-ferrin increases the appetite, aids nutrition and invigorates the patient. And Bio-ferrin in its pellet form is easy and palatable to take—no liquid

iron discoloration of the teeth, no unpleasant taste.

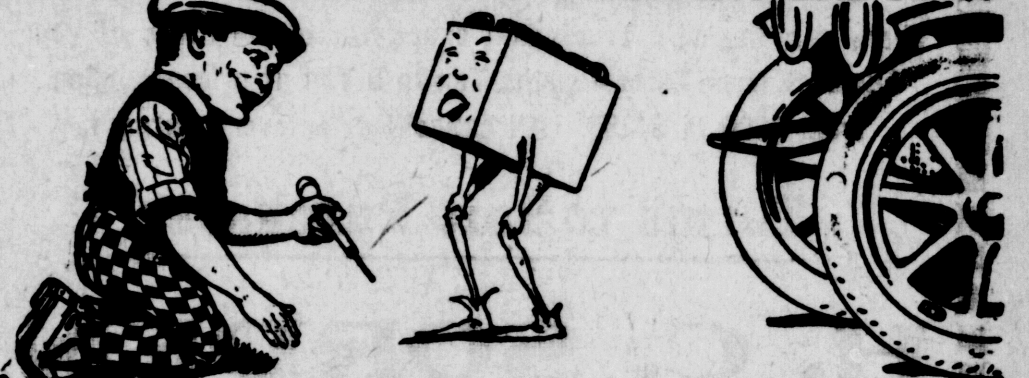

There is no secret or mystery about Bio-ferrin. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic.

The action of Bio-ferrin on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-ferrin. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking.

Large package \$1.00 at all leading drug stores or direct if your druggist can not supply you. The Santal Remedies Co. Inc., Cincinnati, Ohio.

FREE ATTENTION FOR YOUR STARTING & LIGHTING BATTERY

WE want you to get in the habit of letting us inspect your battery (regardless of its make) regularly. This we do free of charge, thus materially increasing the life of your battery. Should repairs be necessary we will make them at moderate cost.

The "Exide" Starting and Lighting Battery

gives you a service on which you can always depend and at the very minimum of cost.

Remember, it's the battery chosen by the U. S. Navy for Submarines, gun firing and wireless service. That's a recommendation that's hard to beat.

Take advantage of our free service.

THE BULL-DOG BEATER WHEEL

This bull-dog wheel is all that its name implies. It is one of the foundations on which the Litchfield Spreader Line fairly stands.

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim **THIS ONE PATENTED FEATURE** to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that **CANNOT BE CLOGGED** by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set of teeth working ahead of another set. What one set of teeth fail to get the other set takes good care of. Come in and see it and we will explain all the details.

It does the work that **TWO** beater wheels would do if it were possible for two wheels to operate on the **SAME SHAFT** and in the **SAME SPACE**, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it **TAKES CARE** of the material as it comes from the box, tears it into pieces and distributes it with uniformity and **WITHOUT PACKING OR CLOGGING**.

The whole secret is the peculiar makeup of the diamond pointed **LONG** and **SHORT** teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost negligible.

Make Feather Pillows For American Boys

Families of Former War Heroes Ask Donations of Feathers For Comfort Pillows For the Fighting Sammies—Legion of Loyal Women Have Already Made up Two Thousand Pounds of Feathers.

Washington, March 23.—Wives, widows and daughters of Civil war veterans are making feather pillows for soldier convalescents. These women, many of whom are between sixty and eighty years old, are sewing seams and filling the cases with feathers. The work is done in the name of the Legion of Loyal Women, who have made the supplying of feather pillows for military base hospitals at home and abroad part of their war work. The American Red Cross Hospital at Neuilly, France, has been provided by them with hundreds of these pillows.

Mrs. Mary Logan Tucker, daughter of the late General John A. Logan, and President of the Legion of Loyal Women, stated that last year the women made up about two thousand pounds of feathers which had been donated for the purpose by women all over the country. After the feathers were renovated they were made into hundreds of pillows, not only for beds, but for train pillows and little comfort pillows to be used for resting broken arms and wounded limbs.

Mrs. Tucker says that the Legion of Loyal Women will now provide pillows for the military hospitals wherever desired, and that this offer has been accepted by the Surgeon general of the Army. Within the past week, 157 three pound feather pillows, made in conformity with Government hospital regulations, each provided with a pair of white muslin slips, have been delivered for use in the camps.

Mrs. Tucker requests that contributions of feathers to be used for hospital pillows be sent to her address, 1236 Euclid Street, Washington, D. C.

PAPERS CAUSE FIRE SCARE

A fire scare was given last evening shortly after eight o'clock when smoke began curling from above the Poe Jewelry store from an unknown source. The alarm was sounded and the chemical truck made a quick run from the fire engine house, to find that the smoke was coming from a stove in the room above the jewelry store in which papers were burning. Quite a crowd gathered on the scene at the sound of the alarm.

Is Back With New Treatment

Fully Convinced Now About New Rheumatic Treatment—Pains Are Almost Entirely Gone

Robert Malcolm, 8, of 1317 Walnut street, Cincinnati, O., the man who told several days ago what Tanlac Rheumatism Treatment had done for him in three days has kept taking the treatment since and is now fully convinced of the new treatment's merit.

"This Tanlac Rheumatism Treatment with its radium is the best medicine for rheumatism I ever tried in my life and I've tried lots of them, too," said Mr. Malcolm.

"I expect there were some folks who were a bit skeptical when I told a while back of the good Tanlac Rheumatism Treatment had done for me in just three days. They didn't think a medicine could help a person so quickly and neither did I until I started taking this medicine. 'The pains I used to have in my knees and the calves of my legs are almost entirely gone now. They used to be so bad that I could hardly climb up the two flights of stairs to my flat but that's easy for me now."

"I hope my statement will cause others to try Tanlac Rheumatism Treatment that's why I'm giving this statement. I know I'd want somebody to tell me if they knew of a medicine that would really help rheumatism."

Get Tanlac Rheumatism Treatment today and get a real medicine for rheumatism. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic.—(Adv.)

LEGAL COMMITTEE TO AID SOLDIERS

Body to be Appointed by Council of Defense For Benefit of Drafted Men

WILL HELP AVOID HARDSHIP

Committee to be Composed of Lawyers, Business Men and Red Cross Representative

Drafted men, if they take the opportunities offered to them by the new department of the Council of Defense, may receive free legal advice and arrange their affairs to make provision for their dependents and care of their property, so that when the final call comes, little confusion and hardship will result.

Chairman T. M. Green of the County Council of Defense has received instructions from the state council to mobilize the lawyers of the county and to create a legal committee to advise soldiers and sailors. The committee is to be composed primarily of lawyers but is to include also a business man and a representative of the Red Cross Home Service Section. Chairman Green has just received the instructions and has not yet made the appointments.

In addition to the call that will come upon this committee from the drafted men, the 1,500,000 men already under arms and their dependents need legal advice in order to protect their civil rights and claim the benefit of war emergency legislation. The services of this committee will also be at the disposal of the men already in service.

The duties of the committee will be as follows: To explain the selective service law to drafted men. To give legal advice as to the benefits of war risk insurance, allotment of soldiers and sailors pay by the Federal Government, Government family allowance, the Soldiers and Sailors Civil Rights Act if it becomes a law and other war emergency laws relating to men entering the service.

The Home Service sections of the Red Cross in many communities have information service in this regard organized and in operation. Co-ordination with their work on this point should be arranged so that their work may not be duplicated unnecessarily. The committee should also assist in drawing up the papers necessary to be filed to claim the benefits of the foregoing laws.

To draft wills and attend to caring for the property and settling the business affairs of men entering the service.

To represent soldiers and sailors in court where necessary and obtain for them the benefits of the civil rights act when in force.

To arrange to attend to such business matters as require and are capable of attention in the absence of men in the service.

To report to the Red Cross Home Service Section, cases requiring relief which comes to the attention of the committee.

CHRISTIAN ENDEAVOR TO HOLD BOOSTER WEEK

R. A. Walker, Indiana Field Secretary, Will Speak at Homer Christian Church

THE PASTOR ALSO WILL TALK

R. A. Walker, field secretary of the Indiana state Christian Endeavor, will deliver an address on "The West Point of the Church," at the Christian Endeavor Booster week program which will be given at the Homer Christian church during the first week in April. Mr. Walker will appear on the program on Thursday evening April 4.

The initial meeting of the booster week program will be held on Monday evening when the pastor, the Rev. P. O. Ort will deliver the opening address. "Getting Young Jones to Church" will be the subject of the address on Monday evening; on Tuesday evening, "The C. E. and Young Jones," on Wednesday evening, "Bill Jones."

There will be special music, including a song service at each service, to which the public will be welcome.

ALLIES CONTINUE TO FALL BACK

Germans Concentrate for Attack South of Somme

Blocked on Right Flank by Stubborn Resistance,
Hindenburg Prepares for Drive
on Roye.

RIGHT FLANK OF FRENCH HOLDS

British and French Evacuate Noyon and Other
Small Towns in Their
Retirement.

Paris, March 26.—Noyon was evacuated during the night, the French war office reported today. The retreat was made in good order. The French are holding the left bank of the Oise.

Noyon is 20 miles west and south of the location of the line before the German advance.

Rome, March 26.—Activities are increasing on the Italian front in co-operation with the allied defense in France.

This indicates that the Italians have begun a demonstration to prevent further withdrawal of Austrian forces for use on the western front or to compel Hindenburg to use his forces in Italy.

Hindenburg, blocked on his right flank by the stubborn resistance of the British is concentrating an attack south of the Somme in the region of Roye and Noyon. This appears to be a continuation of the effort to drive a wedge between the British and French lines.

Both the British and French are falling back here, evacuating Noyon and other small towns. The right flank of the French is holding along the Oise, however, and the French still maintain their position on the south bank of the river.

FARTHEST GERMAN ADVANCE

Roye is 24 Miles From St. Quentin
Where Drive Began

London, March 26.—Fighting has died down east of Roye and Albert. Field Marshal Haig reported today. The British have established new positions there.

Albert is southwest of Bapaume. Roye marks the farthest German advance. It is 24 miles southwest of St. Quentin where the lines were held before the German advance began. The statement says:

"North of the Somme continuation of the fighting was expected but has not developed. Attacks were reported developing against the French in the neighborhood of Chaulnes and Roye."

"The enemy continues to loose severely, reinforcing the line in all parts of the western theater. Over 70 hostile divisions are engaged."

ALLIED DEFENSE STIFFENS

Fight Germans Like Tigers Across
Famous Pozieres Ridge

With the British Army in France, March 26.—The 6th day of the battle finds the British and German fighting like tigers across the famous Pozieres ridge which Haig wrested from Hindenburg in the fall of 1916.

Hour Is Near For Entrance Of Reserves

Greatest Battle of War is Pending
When Allied Armies Make Counter
Drive on The Germans—Battle
Will Probably be on Line Existing
Before Somme Campaign of 1915.

(By United Press.)

Washington, March 26.—The hour of the great allied counter-drive on the Germans is drawing near, allied and American officers said today.

The entrance of the army of reserves into the fighting which promises to be the greatest battle of the war is imminent, the officials say.

The Kaiser's legion is close to the battle line existing before the Somme campaign in 1915 and American officers believe that it is there the counter attack will come.

CENSORSHIP OF NEWS IS CRIME, LODGE SAYS

(By United Press.)

Washington, March 26.—With the fate of the war "trembling in the balance," Senator Lodge today denounced as a crime the government's refusal to inform the people of America's peril.

"A wasted year is behind us," he exclaimed in a passionate speech. "Our sector of the western front is undefended from the air. There is not an American plane there—although we have spent \$840,000,000 in the last week."

This fact is well known to the Germans he said.

"Our gallant army is holding back the German advance at terrible cost. In this dark hour it is a crime to keep from the American people facts well known to the enemy."

FAVORABLE REPORT MADE ON BATTERY C

Twelve Members of This Unit of
Second Indiana Present at Federal
Inspection

MAY BE CALLED IN 6 WEEKS

A favorable report of Battery C of the Second Indiana artillery of which twelve Rush county boys are a part was given at the federal inspection of the battery held in Indianapolis last night by an army officer. The local young men were the first to arrive and the entire unit from here was present at the inspection.

The sentiment expressed at the inspection was that there is a possibility of the Second Indiana being called into service within the next six weeks, although the time may be extended much longer. Little is known definitely as to whether they will be called into service and if so, when. Byron Cowing, recruited the local unit and was in charge of them last evening.

out of defeat, but it is not a decision and will not be. We have lost ground but we are still far in advance of the position which was held before France for two years."

BOYS ENLISTING FOR FARM WORK

Patriotic Duty to Increase Food
Supply is Put Before Them
by Governor

IS A STATE WIDE MOVEMENT

Young Men Will be Dismissed From
School Three Weeks Early
For Work

Rush county boys are beginning to enlist in the Boys Working Reserve, offering their services for work on the farm this summer in order that the places of men who have gone to the front may be taken and the food supply increased. The appeal is being put to the young men through the schools—in the city schools by Superintendent J. H. Scholl and over the county by Superintendent C. M. George.

The request that young men over the state enter this service has been given out by Governor Goodrich in a statement which ends with "Therefore, I urge that every boy between the ages of 16 and 21 who has not already done so, enroll with the United States Boys Working Reserve, thereby indicating his willingness and readiness to do his part toward winning the war. Let the farmers and producers of Indiana be assured that as they need help, the help will be forthcoming. This may be entered only by an enrollment of every boy in the state whose absence from the ranks of the reserve without sufficient excuse lays him open to suspicion of shirking."

Boys enlisting in the reserve receive a button, upon joining, and at the end of 30 days working on a farm or longer in some other lines of work, they receive a medal for their efforts. Too, they are placed on the honor roll of the school which will appear in connection with the lists from their schools in the state.

The majority of the country schools dismiss early enough to allow the young men who have enlisted in the reserve to aid in the

Continued on Page 2.

ONE VOLUNTEER FOR PURDUE ARMY SCHOOL

Clifford Hardwick, Class One Registrant, Is First to Answer The
Call Here

COUNTY MUST SUPPLY QUOTA

Clifford Hardwick of the Peoples National bank, a class one registrant, is the first to volunteer for the Purdue army school which will be opened about the first of May. The board is allowed to receive voluntary inductions up to Friday.

Instructions received today indicate that the county will have to fill its quota by drafting men if there are not enough volunteers. It was at first believed that if there were enough volunteers all over the state to fill the state's quota of a little more than 500, counties which ran behind their quota would not have to draft any men. The quota of each county for this year is 1.7 per cent of its first gross quota. A letter received by the county board today said the gross quota would be received in a few days. It is not likely Rush county will have to supply more than three men.

Additional instructions regarding this call received today said all men inducted should contain April 28. The call was first issued as a five day movement.

MAY BE CROWNED CZAR

According to recent reports the Germans may put the former czarvitch on the Russian throne. Here is the latest photograph of the son of the ex-czar, now plain Alexis Romanoff.

URGES WOMEN TO AID IN BOND SALE

Suffrage Talker Places Stress on
Duty of Women to Help in
Third Liberty Loan

COUNTY FRANCHISE MEET

States Women Should be Given The
Vote and Have Voice in War
Settlement

"Boost the sale of Liberty Loan bonds" was one of the principal keynotes of the live-wire suffrage talk made by Mrs. Olive D. Lewis of Richmond before the members of the Rush county Franchise Leagues from New Salem, Carthage, Milroy, and Rushville, who met in the Social Club this afternoon at the annual county convention.

Mrs. Lewis made it plain that the duty of the Franchise League members is not only to bend their efforts in securing the vote but to show they are worthy of it by aiding in the enterprises of the country as they come up today. An explanation was given of the duties of each of the state committees of the League. They are: committee on war service, Red Cross, war census committee, thrift and conservation committee, Liberty Loan committee, war industrial committee, and Americanization committee.

Worthwhile work is being accomplished by each of the committees. One of the principal things before the thrift and conservation committee at present is to secure the services of a woman county agent to give demonstrations on the use of substitutes and canning processes. The services of such an agent may be procured by the women securing an appropriation of \$100 from the county commissioners which is added to the fund appropriated for the government for that purpose.

The necessity of women procuring the ballot now as never before was emphasized by Mrs. Lewis who pointed out that the balance of power had been in the hands of the ignorant classes and with the flower of the young voters going to Europe where they could not be able to vote.

Continued on Page 2.

CENTER IS READY TO ANSWER CALLS

Workers Appointed in Each District
of Township For All Coming
Drives

IN COUNTY ORGANIZATION

Heads Are Named For Red Cross,
Liberty Loan and Y. M. C. A.
Movements

Any patriotic call that comes to Center township will find the township ready to answer it. The township committee of three, a part of the county's war organization, has perfected an organization which covers every part of the township for every phase of war relief work. In each of the four districts into which Center has been divided, there are two workers appointed to head the Liberty Loan drives, two for Red Cross and two for Y. M. C. A. drives. Leaders for other campaigns and activities will be appointed by the township committee as the necessity arises.

The patriotic meeting, presenting all patriotic causes, will be held in Mays some time between April 1 and April 6 by the request of the committee. To make it the biggest meeting of the kind is the aim of the workers there who are arranging an excellent program. Following that mass meeting the township workers appointed for all activities will meet and make definite plans to cover Center township in the most efficient way in the coming drives and to aid in putting Rush county "over the top" in each call.

B. B. Benner is chairman of the Liberty Loan drives. His workers include: northeast district, Frank Audleson and Charles McBride; southeast district, George B. Clark and Walter Bitner; northwest dis-

CENSORSHIP FELT IN LOCAL CHAPTER

Order Comes Forbidding Publication
of Number of Dressings
Completed

PROGRESS IS CONFIDENTIAL

The strict censorship of all facts that might be of interest to the enemy is being felt by the Rush county Red Cross chapter for the latest order is that "no public announcement shall be made as to the total number of dressings made by any chapter." The same kind of an order is expected at any time concerning the hospital garments as well. Red Cross workers from over the county wishing to know of the progress of the chapter, may get the details of the number of surgical dressings being made from the secretary, Mrs. Harrie Jones, but the information will be in the future of a confidential nature always.

In the past, the number of surgical dressings has been reported monthly and the figures published of the entire number for the month and the number sent out in each box. The instruction given in the letter received by the secretary from the Albright, director of the bureau of development, read: "It is especially desired that no public announcement be made of the total number of dressings asked for the army medical chapter. This information will appear to be of a confidential nature and will of necessity be the cause for caution in the use of these figures."

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker
and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

BOYS ENLISTING FOR FARM WORK

Continued From Page 1
busiest season on the farm. Young men in the Rushville schools will be dismissed three weeks before the term closes and receive credit for their services as the busy season on the farm starts.

Most of Rush county's patriotic young men will be unusually fortunate in enlisting in the working reserve for there are calls for work in the county itself for practically all of the young men who enlist, and to work during the summer for some one's father, or uncle or good friend will be far easier than doing what many of the city boys will do, go into some strange neighborhood with an entirely new employer.

Lotus Gartin is improving nicely from a recent operation when he had his tonsils and adenoids removed.

NEW INSTRUCTOR IN MANUAL TRAINING

Willis C. Crook, Formerly in Indianapolis High School, Succeeds
R. J. Cullipher Today

LATTER IN GOVERNMENT WORK

Willis C. Crook, formerly instructor of manual training in the Manual training high school in Indianapolis, took charge of the work in the local high school today following the resignation of R. J. Cullipher. Mr. Cullipher, who is the capacity of manual training instructor, has been a member of the high school faculty for almost three years, has entered government work and will go to Watertown, New York, where he will be employed in the construction of guns.

The new manual training instructor comes highly recommended by the school authorities of the Manual Training high school where his work was most successful. Both the new instructor and the retiring one formerly resided in Anderson.

URGES WOMEN TO AID IN BOND SALE

Continued From Page 1

it was the duty of the mothers and sisters and wives of these men to secure the ballot and cast votes in the right direction for them.

"Woman wants her influence felt in the settlement of the war," she wants this to be the last war. "In the reconstruction period, the hand of women should have a part so that the women and children will be given the proper consideration," she concluded.

Election of officers took place at the business meeting and reports from each League were given.

AUTO RUNS INTO TRAIN

(By United Press.)
Frankfort, Ind., March 26.—Charles Miller, a stock buyer, was killed and Chester McKinsey, a farmer, fatally injured today when an auto in which they were riding ran into a trailer of a freight train.

TO WEAR DECORATIONS

(By United Press.)
Washington, March 26.—General Pershing through the war department has asked congress to authorize American soldiers to wear decorations bestowed on them by the allied government and to give him similar powers to give similar decorations to the allies.

APPEALS TO WORKERS

(By United Press.)
London, March 26.—Winston Churchill, minister of munitions, today appealed to munition workers to work during the Easter holidays in order to make good the expenditure on the western front.

MORE DECLARATIONS FOR CANDIDACY FILED

Three Candidates For Township
Trustee and One for Council-
man-at-Large Appear

TEN REPUBLICAN DELEGATES

Several more declarations of candidacy have been filed with the clerk of the court for the primary election May 7. The time is growing short because all candidates who want their names on the primary ballot must have their declarations on file by April 6.

The candidates for the nomination as township trustee have appeared. Omar Stevens is a candidate for the republican nomination in Noble and Ed V. Jackson is the democratic candidate in Washington and Rolla W. Alexander, the democratic candidate in Posey. Edgar Noble of Rushville township has filed as candidate for democratic nomination for county councilman-at-large.

So far nine of the fifteen delegates to be elected in the primary for the republican state convention have filed declarations. There will be four from Rushville township and one from each of the other townships. Those filing are: Charles Hugo and John C. Blackledge, Rushville; I. N. Stevens, Jackson; Thomas R. Mall, Walker; Thomas W. Harbert, Orange; William M. Bosley, Anderson; R. C. Hill, Ripley; E. O. George, Richland; Raymond Bowles, Center.

Albert Downey is suffering with tonsillitis.

Guy McBride of Mays is suffering with the measles.

Miss Dorothy Irene Moore has accepted a position at the Maury company's store.

A son has been born to the wife of Amos Baxter. The baby has been named Amos Roy.

Miss Helen Matlock, daughter of Mr. and Mrs. Dan Matlock of North Jackson street, has the measles.

Keeps Your Stove Shining Bright

Black Silk Stove Polish

It gives a brilliant glossy shine that does not rub off or dust off—that anneals to the iron—that lasts four times as long as any other.

Try it on your radiator, stove, your cookstove or your car. If you don't find the best polish you ever used, your hardware or grocery dealer is sure to refund your money.

There's a "Black Silk" Every Day

Public Sale

I, the undersigned, having decided to quit the dairy business, will close out my entire herd of big class dairy cows, also my other personal property at my present residence, at the west edge of Rushville, on the Shelbyville pike, at Hodge's branch on

Saturday, March 30th, 1918

SALE TO COMMENCE AT 12:30 P. M. SHARP

7 - Head of Cows - 7

Consisting of 1 Jersey cow four years old, with calf at side, giving good flow of the right kind of milk, an extra good cow; 1 eight-year old cow, due to calf last of April, an extra good dairy cow; 1 Jersey cow five years old, giving about four gallon of milk a day; 1 Holstein cow, four years old, giving good flow of milk; 1 Jersey cow, three years old, due to calve the last of June, giving good flow of milk now; 1 Jersey cow, three years old giving good flow of milk; 1 Jersey cow 4 years old, giving good flow of milk; 1 Holstein heifer calf about 3 months old, that should make a high class milk cow; 2 Jersey calves, about 6 weeks old. The above named cows are all gentle for a woman to milk, thoroughly halter broke, would make great cows for anyone in town wanting a nice cow. These cows are the kind with good care and feed that will improve over what they are now; absolutely sound and straight in every way.

2 - Head of Horses - 2

Consisting of 1 dark sorrel hackney mare 7 years old, weighs about 1200 pounds, sound, and a good worker any place you hitch her, single or double; 1 roan mare pony, coming four years old, sound, good worker double and single, any place you hitch her.

Farming Implements

Consisting of 1 farm wagon, good shape; 1 rubber-tired top buggy, almost new; 1 Oliver walking break plow; 1 gravel bed, new; 1 double set of breeding work harness; 1 set of buggy harness; 1 Economy cream separator, just like new; 1 milk cooler, good as new; cream cans, buckets and many other small articles that go with a good dairy.

TERMS OF SALE—All sums of ten dollars and under, cash, on sums above that amount a credit without interest until September 1st, 1918, will be given, purchase to execute note that meets with the approval of the clerk. Absolutely all settlements to be made with him. A discount of 2% will be given for cash.

Everyone Should
Drink Hot Water
in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day, in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel: like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

INITIATORY DEGREE

Franklin Lodge No. 35, I. O. O. F. will have five candidates for the initiatory degree next Wednesday evening. Every member is urged to attend. Visitors are expected from Connersville. The orchestra will provide music.

Discredit False Rumors

Loyal Americans should regard it as their duty to discredit such false and ridiculous rumors as were afloat yesterday and kept not only the people of this county, but those of many adjoining ones in a state of feverish excitement. The stories, all apparently without foundation, only served to arouse patriotic citizens to false hopes, which collapsed when they learned the truth.

The fact that such stories are repeated on the wires does not mean

Shall We Kill the Calf?

By J. OGDEN ARMOUR, Chairman Food, Fuel and Conservation Committee, Illinois State Council of Defense.

There is a calf problem in this country and it has not been solved by the plea to the American housewife to stop buying veal. Nor would a law stopping the butchering of calves present the solution.

More calves were slaughtered during the past year than any previous year. Thousands upon thousands of young animals capable of being developed into good beef at a profit were vealed. Millions of pounds of meat were thereby wasted. Whether the waste was actual or theoretical, this fact stands out and stares us in the face: The present world meat shortage might have been considerably alleviated had a wiser policy in the handling of calves prevailed during the past years.

There are two general kinds of calves and they require totally different treatment. There is no excuse for the slaughter of beef calves and there is no justification for the maturing of all dairy calves. The problem is to raise all beef calves to maturity and to prevent the waste of food by extended feeding of excess dairy calves. It is a waste of food to raise dairy calves that are not to be kept for dairy purposes. There is just as much need for slaughtering excess dairy calves when they reach the veal age as there is for encouraging the farmers to mature their beef calves.

It is difficult to discuss calves without touching on baby beef. Baby beef is economic from every angle. A great many of the beef calves which were sent to the Fort Worth and Kansas City markets during the past year were of the type that would pay if matured as baby beef. They average around three hundred pounds, and in the hands of capable farmers who had the necessary feed available, they could have been made into eight hundred to one thousand pound meat animals before they were two years old and at less cost than three years olds, because young animals will make flesh out of a greater proportion of their feed than will older animals.

that they are the truth. In a war of such magnitude, it is the wisest policy to await the statements of the war authorities or of accredited and experienced war correspondents who are at the scene of the conflict.

It is within the pale of possibility that pro-Germans are at the bottom of all the foolish tales of this sort in times of stress. The people should not allow themselves to be rushed to false conclusions by untrue stories from the battlefield. It is time enough to rejoice when an allied victory is announced.

The safest attitude in such days as these is to remain calm and cool and await results as they come. The situation, while serious, is in no wise dangerous, though it appears that the Germans are making more rapid gains than were anticipated, judging from previous allied statements. However, there is nothing yet to cause very great alarm to be felt for the cause which is dear to the heart of every American. While the Germans have moved forward on a front of almost fifty miles, their conquest can not continue thus because of the great sacrifices in men they have made. Even now the battle line has not been pushed back to where the British were entrenched early in March last year when the spring operations began.

What Your Bond Will Buy

The following figures give one a definite idea of what his or her loan to the Government by the purchase of Liberty Bonds will accomplish when used by the War Department:

One \$50 bond will buy trench knives for a rifle company, or 23 hand grenades, or 14 rifle grenades, or 37 cases of surgical instruments for enlisted men's belts, or ten cases of surgical instruments for officers' belts.

\$100 bond will clothe a soldier, or feed a soldier for eight months, or purchase 5 rifles or 30 rifle grenades, or 43 hand grenades, or 25 pounds of ether, or 145 hot-water bags, or 2,000 surgical needles.

A \$100 and a \$50 bond will clothe and equip an Infantry soldier for service overseas, or feed a soldier for a year.

Two \$100 bonds will purchase a horse or mule for Cavalry, Artillery, or other service.

Three \$100 bonds will clothe a soldier and feed him for one year in France, or buy a motorcycle for a machine-gun company.

Four \$100 bonds will buy an X-ray outfit.

One \$500 bond will supply bicycles for the headquarters company of an Infantry regiment.

All honor to Captain Archie Roosevelt! That honorable wound, received while bravely battling at the front, will go a long way toward reconvalescing the people here at home to any little peculiarities they may not like about the Colonel.

Little Finland asked for a son of the kaiser as her ruler, and the kaiser sent his armies ahead to be sure of the right kind of a reception

for the kid. The kaiser is wise—the kid might get lost.

Maryland voted for nation-wide prohibition but decided to keep her supply of booze on hand in a friendly effort to quench those Washington thirsts.

Holland seems to have gotten in "dutch" on the shipping question.

Caused From Diphtheria According to Physicians

In most histories it is stated that George Washington died from pneumonia or quinsy, but Dr. J. A. Nydegger of the United States public health service sends to the Medical Record a letter written by Dr. Cullen Dick of Alexandria, Va., on January 10, 1890, which shows that "he undoubtedly died of diphtheria."

The letter recounts the circumstances of Washington's last hours, the consultations of the physicians in attendance, of whom Doctor Dick, the writer of the letter, was one, and tells how Dick urged that the sufferer's trachea (windpipe) be cut open so as to permit him to breathe. The other doctors would not consent to this. They had bled their august patient in vain, and would not even give a name to the disease from which he was dying. It appears that Doctor Dick was reluctant to acknowledge that there had been an outbreak of croup in Alexandria, and he would use only the term "inflammatory quinsy" for that with which Washington was afflicted.

Doctor Dick's description of the disease, to which he proposed to give the name "cynanche laryngea," was one of diphtheria; he did not use that word perhaps because it had not yet been invented.

SHE WAS IN BED TWO MONTHS

Women suffering backache, rheumatic pains, sore muscles, stiff joints or any symptoms of kidney trouble should read this letter from Mrs. S. C. Small, Clayton, N. M.: "I had been under the doctor's care all summer and in bed two months, but kept getting worse. In January I got so bad I told them something had to be done or I couldn't live. We noticed an advertisement for Foley Kidney Pills and sent for some. They have done me more good than all other medicines." F. B. Johnson. (Adv.)

Our Dollars Are Called To the Colors

The Third Liberty Loan

Our terms of peace are written so clearly that all the world can see. There is no thought of conquest; only the demand of freedom that—for us and for all—the world shall be free.

The United States is to show the world that America, in Liberty's cause, responds more freely to each call for the sinews of war. And let us also show our country that Rushville and Rush County are in the forefront. Let each subscribe to a Third-issue Liberty Bond—the biggest one we can.

Without charge the services of our two institutions are extended to you.

RESULTS OF GERMAN AIR RAIDS OVER PARIS

The upper photograph shows a view of several of the houses which were wrecked by the bombs dropped by the Germans. These places of "military importance" to the Germans were the homes of the people who live in the poorer section of Paris. The lower photograph shows the results of bombs dropped on the dormitory of a children's hospital, which fortunately had been vacated in time by the 200 children, and none were injured there. The building is a mass of wreckage. If the children had not been removed doubtless every one of them would have been killed.

HIGHWAY CASE IS SETTLED IN COURT

Petitioners and Remonstrators in Ellison Road Case Reach an Agreement Monday

PART OF EVIDENCE HEARD

The petition of Elmer Ellison and others to straighten a highway north of Nashville near Sexton, which originated in the county commissioners court, was settled by agreement in circuit court late yesterday afternoon after a jury had been impaneled and part of the evidence heard.

According to the agreement, Lewis E. Newhouse dismissed his remonstrance in consideration of \$100, payable by the petitioners before the road is opened. Mr. Newhouse is to put up a fence on his side within 30 days. The same agreement as to Anna J. Sipe was made, except that the petitioners are to pay her \$150. Each of said parties are to pay the costs accrued by them. Anna E. Kiser dismissed her remonstrance and the petitioners are to pay her part of the court costs and also seven witnesses if they claim fees. Mrs. Kiser is to remove her fence in 30 days. The reviewers report was approved by agreement and the road ordered opened. The petitioners are to pay their own court costs.

The petition of Mary E. Groves to have B. F. Miller discharged as her guardian because she alleged she was able to transact her own business, was denied by the court.

A new Thrift Stamp agency has been established at the Maunz company's store.

HE NOW LAUGHS AT THE MEN AT THE TABLE.

This Man Was Always Ill at Ease While Waiting for His Dinner, Until—Pepsinco.

He would order a few little things and see visions of pains, nausea, misery and everything but enjoyment when they were put before him. Much or little never failed to leave the same miserable, disagreeable, sick, headachy feeling. He had to eat and suffered the consequences.

He thought he was doomed to eternal chronic stomach trouble. He doctored, used many remedies, but no help.

A stranger, a good Samaritan, saw his condition; asked him the reason; offered him Pepsinco; and now a happy, smiling diner awaits the steaming dishes.

If your stomach bothers; if your food sours or disagrees with you; if pains follow a meal and sick headache is a rule, stop at the drug store and get a small package of Pepsinco now today. It is a positive remedy for bad stomachs.

ELBERT HODGE DIES AFTER SECOND STROKE

Been in Failing Health For Two Years and Passes Away This Morning Early

FUNERAL AT GODDARD CHURCH

Elbert Hodge, aged 61 years, died at his home six miles west of this city this morning at two o'clock, following a stroke of apoplexy which he suffered yesterday morning at 9 o'clock. He suffered the first stroke about two years ago and has been in failing health since that time.

Mr. Hodge was born in this county and had spent all of his life here. Until his last sickness, he was a farmer. He was a member of the Christian Union church at Homer and was well known throughout the county. Surviving him are a widow, two children, Zeno Hodge, and Mrs. W. P. Stanley, and one sister, Mrs. William Grocox.

The funeral services will be held at the Goddard Methodist church tomorrow afternoon at 2 o'clock, with the Rev. Mr. McMullin of Blue Ridge in charge.

MEN ARRESTED FOR CONNERSVILLE POLICE

Roscoe White Fined for Defrauding Rooming House Keeper—Walter Shockley for Contempt

LATTER IS HELD FOR TRIAL

Roscoe White of this city was fined one dollar and costs in Connerville yesterday on a charge of defrauding a rooming house keeper and Walter Shockley was arraigned today on a charge of contempt of court for not complying with the terms of a divorce decree granted in the Fayette circuit court.

Both men were arrested here yesterday by Deputy Sheriff Will Spivey, who received word from the Connerville police of the offenses the local men had committed there. White's fine was suspended by the judge and he was released after paying the costs, amounting to \$7.45. He returned to this city last night. Shockley remained in jail last night awaiting trial today.

WOMAN THROWN FROM BUGGY

Mrs. Harvey DeWeese is suffering from a dislocated shoulder since being thrown from a buggy yesterday near her home on the Birney Anderson farm when the horse which she was driving ran away. She was starting from home when the animal frightened and started up at such a speed that she was thrown from the buggy.

WRIGLEY'S

Society

Opera numbers were the features of the program prepared by Mrs. Neff Ashworth for the meeting of the Ladies' Musicales which was held yesterday afternoon in the court house. There was a large attendance of the members who enjoyed the following program:

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the wide-spread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run-down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you ever were nervous, tired out and run down, you can feel it taking hold.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only.—PITMAN & WILSON and leading druggists everywhere. Rushville, Ind. (Adv.)

Big Carpet Sale

At the Modern Woodmen Hall, Corner Morgan & Second St.
180 YARDS

Used Brussell Carpet

Good enough for Bed Rooms or Offices. Will sell any amount. So come to the above hall.

WEDNESDAY AFTERNOON, MARCH 27, 1918, 2:00 P. M.

Also 12 Good Wide Drab Color Window Shades.

M. V. SPIVEY, Trustee.

A double duo from "Lohengrin," by Mrs. A. L. Aldridge, Mrs. Veri Behout, Mrs. Parke and Mrs. Ed Chambers; vocal solo, "In God's Garden of Flowers," by Mrs. Charles Offutt; piano solo by Miss Marjorie Thomas; "The Carnival," Miss Sue Glidden; piano solo from "Lucia," Mrs. Parke; vocal solo, "Til Death," Mrs. Charles Offutt, accompanied by Miss Lois Reeve, violinist; violin solo, Miss Lois Reeve.

At the close of the musicale program Mrs. A. L. Stewart delivered a short address to the guests on the registration of women. The registration was explained to them after which the women heartily endorsed the plan to be followed in Rush county in the same manner as in the adjoining counties.

The next meeting will be held on Monday evening, April 8, when the social members will entertain the active members at the home of the Misses Elizabeth and Florine Gromier in North Main street.

At the meeting of the Kappa Kappa sorority which was held last night at the home of Mrs. Charles Wilson in North Main street, the members of the sorority spent the evening working on the quilt which they are completing for the Red Cross. Most of the blocks have been turned in and after the lining is completed the blocks will be attached and the quilt sent on its way to one of the hospitals behind the battle line in France. At the close of the meeting the hostess served a dainty luncheon. The next meeting will be held in two weeks with Miss Fanny Stiers, at her home east of the city.

Honoring the birthday of Otto Lewark, Mrs. Cora Lewark entertained with a delightful dinner party at noon on Sunday at her home in North Jackson street. Boquets of spring flowers were the attractive decoration for the dining room where the dinner was served to Mr. and Mrs. Russel Lewark or Carthage, Ohio, Mr. and Mrs. Will Brooks and children, Myrtle, Mildred, and Dale of Morristown and Mr. and Mrs. Will Lewark of this city.

A pretty dinner party was given Sunday noon at the home of Mrs. Delilah Gaffamore in West Ninth St. in honor of Sergeant Jessie G. Bridge who is home on a ten days furlough from Camp Shelby, Miss. The table was artistically decorated in the national colors and dainty place cards marked the covers. The guests included Mr. and Mrs. Bert Newkirk and daughter Merle, Jessie and Dorothy of Manilla, Miss Annie Wylie and Sgt. Bridges.

The officers of the Ladies Aid society of the First Baptist church have asked that there be a good attendance at the meeting of the society which will be held tomorrow afternoon in the parlors of the church.

Social Calendar

Wednesday

Mrs. O. M. Dale will be hostess to the members of the Five Hundred club at her home, 424 North Main street, in the afternoon.

Called meeting of the Pythian Sisters in the Knights of Pythias club rooms, in the evening at 7:30.

Meeting of the Ladies Aid society of the First Baptist church in the parlors of the church, in the afternoon.

Champions The Cause of Women Today

Mrs. Demarehus Brown of Indianapolis Gives Intensely Interesting Lecture Before Monday Circle Members and Husbands at Meeting at Home of Dr. and Mrs. J. C. Sexton Last Evening.

"It is no wonder that women have the reputation of nagging," stated Mrs. Demarehus Brown in talking before the members of the Monday Circle and their husbands last evening. "Until late years, they have never had any power, they have never had any way to get what they wanted without using their tongues. It is through their own persistence that they have received the position in religion and education that they have now attained. They are getting the vote and brave Russian women have even formed the Legion of Death, so after all, their nagging has not been in vain."

The excellent lecture was given at the home of Dr. and Mrs. J. C. Sexton before a very interested company of people.

Mrs. Brown made the above remarks in commenting on the sister of Catherine in "The Taming of the Shrew," one of the plays on which she talked. The other was "Two Gentlemen of Verona."

"The best production of the former play," she stated, "was given by John Drew and Ada Rehan, which was the first time the full play had been given since the time of Shakespeare. The characterization of Catherine is based on that of Anne Hathaway, Shakespeare's wife for she presents many of the characteristics of Anne Hathaway as we know her."

Interesting comments were also made by the speaker on "Two Gentlemen of Verona." "Shakespeare always had his women pursue the men and they always succeeded too," stated the speaker. Mrs. Brown gave vivid characterizations of the players and brought out the strong points of the plays.

Mr. and Mrs. Carl Gunning will be the guests of honor at a dinner party to be given by the members of the Thursday afternoon Bridge club and their husbands on Friday evening. The affair has been planned honoring the fourth wedding anniversary of the honored guests and following the dinner party in one of the downtown restaurants, a bridge party will be given at the home of

WRITTEN ON FACES-- RHEUMATISM

It runs up into the nerves, causes the expression in the face, makes you look and feel sicker than you look, you rheumatics understand! But there isn't as much of it as there used to be. "Neutrone Prescription 99" has educated us to freedom of all Rheumatism and its many ailments.

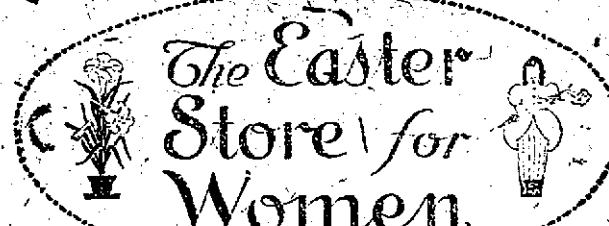

"Neutrone Prescription 99" loosens those painful, swollen joints and muscles. You can distinctly feel all troubles leaving you and comfort and happiness creeping in. There is absolutely nothing else known like "Neutrone Prescription 99" for all Rheumatism.

You can prove it, get a 50c or \$1 bottle of your druggist today.

PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

The MAUZY CO.

Have You a Patriotic Garden?

We Sell War Thrift Stamps

Next Sunday is Easter! This store is splendidly prepared for all the demands of this community. Anything you may need to complete your attire will be found here.

The Spring Silks

Lovely in Color Lustrous in Texture

We are proud of our beautiful array of silks for spring. We have the materials and colors that are regarded as fashionable and worthy.

Foulards, crepe meles, satins, plain and striped taffetas, crepe de chine, georgette crepes—all recommended for their good style.

Gingham silks, the decided novelty of the year. For the young folks nothing is more effective than a frock of gingham silk.

Satins—the shimmering beautiful material that is here in the plain colors and dot effects.

Neckwear

in organdie and georgette crepe, both in colors and white. A splendid Easter showing of collars of gingham silks in a satisfying diversity of styles.

Silk Is The Hosiery of Spring

Women's high grade pure silk hosiery with strong, double welt garter top and reinforced at wearing points. Gordon's famous hosiery—black, white and colors—at \$1.50 to \$2.25. SPECIAL FIBRE SILK—in all colors while they last—at a pair—79c.

Easter's Prettiest Pumps & Oxfords

You can not fail to follow Fashion's foot prints in these newest pumps and oxfords. Patent and dull kid pumps with French heels at \$4.50 to \$6.00. Dull kid oxfords and brown pumps, military heels at \$5.00.

GLOVES for Easter

A splendid line of French Kid Gloves in white, black and colors. Plain white and white stitched in black or tan with cuff to match is the final word.

Mr. and Mrs. Gunning in West Tenth street.

Honoring her house guest Miss Lena Rutledge of Edinburg, Miss Rena Offutt entertained at her home in East Sixth street Sunday with a prettily appointed dinner party. The dining room was arranged with a profusion of dainty spring blossoms which made a pretty decoration for the table. Covers were laid for Miss Prudence Pope, Miss Belva Phillips, Miss Vonnie Phillips, and Miss Sylvia Dye.

The members of the Pythian Sisters will meet tomorrow evening at a called meeting which will be held at 7:30 in the Knights of Pythias club rooms. The meeting has been called in order that several business matters might be discussed and for this reason a good attendance is desired.

Miss Hazel Mohler will entertain the members of the Priscilla Art club of Falmouth at her home north of the city Thursday. The meeting will be an all day affair when Red Cross sewing will be done and at noon a pitch-in dinner will be served.

Honoring Mrs. James E. Watson who has returned from Washington, D. C. for a short visit here, the members of the W. R. C. will be entertained at the home of Mrs. Robert Innis in North Harrison street this evening.

A good attendance is desired at the meeting of the W. R. C. which will be held tomorrow afternoon in the Grand Army rooms at the court house.

Red Cross Notes

The ladies of the Women's Relief Corps and of the First Baptist church sewed at the headquarters this afternoon.

The ladies of the St. Mary's Catholic church will not sew at the headquarters this week, inasmuch as it is Holy Week.

The Dr. Gilbert Class of the Christian Sunday school will have an all day meeting at the headquarters on Thursday of this week.

The regular meeting of the Falmouth auxiliary to the Red Cross will be held on Thursday afternoon at the home of Mrs. A. C. Fisher in Falmouth. The demand for hospital supplies necessitates a good attendance at the meeting in order that the auxiliary may complete its quota of supplies.

The new order has come from the Cleveland headquarters of this district of Red Cross that the wraps of the workers must be left outside of the room where the surgical dressings are made. A rack has been placed at the door of the surgical dressing room on the second floor for the hats and coats of workers. The ruling has been made in order that no dust or dirt of any kind may get into the bandages.

"More workers" is the call from the headquarters. The telegram received recently from the Cleveland division headquarters stating that supplies are needed now as never

before has put the responsibility on the local chapter for putting out an unusual amount of work. With conditions on the firing line as they are now, hospital supplies must be rushed across. For these reasons, Rush county women are urged to respond to the call of Red Cross and be at the headquarters in the sewing room and bandage classes on every day possible.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

Articles for Easter

If it is Hosiery you need, we have it in either cotton or silk in the best colors at prices to suit all.

If 'tis a New Waist, you'll find it here in white and colors—prices the lowest for the quality—\$1.50 to \$7.50.

Maybe you wish a neat and pretty hat ready to put on, they are here, too, and the price so low you'll be astonished.

Still you'll have to have a pair of our New Silk Gloves—Something different.

Come In and Take a Look

J. W. HOGSETT

SHELBYVILLE BOY IS IN MIDST OF FRAY

Corporal Pleas Greenlee With Rainbow Division is "Where Guns Talk Business"

HE HAS MANY FRIENDS HERE

Corporal Pleas Greenlee of Shelbyville, who is widely known through Rush county, has written to friends and relatives a letter which indicates that he is in the midst of the fighting with the Germans. Corporal Greenlee was a member of the Rainbow division and says that the boys are "where the big guns talk business." A portion of his letter follows:

"This is to let you know that we are now where the big guns talk business. The time is at hand for us to show our mettle and I believe every man is glad that the opportunity has come. The boys are all anxious for the fray as they believe the sooner it comes, the sooner it will be over."

George Birely and Earl Porter are two other Shelbyville boys in the 150th field artillery who have hosts of friends here.

SWITZERLAND FEARS INVASION BY GERMANY AND AUSTRO-HUNGARY

The massing of large bodies of German and Austro-Hungarian troops along the Swiss frontier has caused Switzerland to fear that Hindenburg intends to invade its territory in the effort to turn the French right flank. The illustration shows Swiss mountain troops on the path to the Dreispachenspitze on the frontier, and, at the left, an officer of the Swiss army wearing the recently adopted steel helmet.

TO PROTECT CIVIL RIGHTS OF SOLDIER

Law Passed by Congress Designed For This Purpose is Received by Army Board

SOME OF ITS PROVISIONS

Not Haven For "Dead Beats" But Will Prevent Unfair Advantage Being Taken of Soldier

To protect the civil rights of soldiers while at war, the congress has passed a law entitled "An act to extend protection to the civil rights of members of the military and naval establishments of the United States engaged in the present war," copies of which have been received by the Rush county army selection board.

The act is of especial interest here now since there are two cases pending against soldiers in the circuit court and two others have been only lately filed.

The act does not offer a haven of refuge for "dead beats" who might join the army and escape their debts but it does prevent any undue advantage being taken of a man while away from home in the defense of his country.

The very first section of the law explains its purpose and is as follows:

"That for the purpose of enabling the United States the more successfully to prosecute and carry on the war in which it is at present engaged, protection is hereby extended to persons in military service of the United States in order to prevent prejudice or injury to their civil rights during their term of service and to enable them to devote their entire energy to the military needs of the nation, and to this end the following provisions are made for the temporary suspension of legal proceedings and transactions which may prejudice the civil rights of persons in such service during the continuance of the present war."

The second article of the law provides where there is a default of a defendant in any action or proceeding commenced in any court the plaintiff before entering judgment shall file an affidavit showing the defendant is not in the military service. If he can not do this, the plaintiff is compelled to make an affidavit showing that the defendant either is not in the military service or that he does not know whether or not the defendant is serving his country in the military service. Making a false affidavit of this character is punishable by imprisonment not to exceed one year or by a fine not to exceed \$1,000 or both.

Another provision is that any action against a person in the military service may be stayed, if the court deems it best, and shall be stayed if the stay is applied for by the person in the military service or by someone in his behalf. A judgment may also be stayed. Under the same conditions any attachment or garnishment of property, money or debts in the hands of another, whether before or after judgment, may be stayed or vacated.

"That no eviction or distress shall be made during the period of military service in respect of any premises for which the agreed rent does not exceed \$50 a month, occupied chiefly for dwelling purposes for the wife, children or other dependents of a person in the military service, except on leave of court granted upon application therefor or granted in an action or proceeding affecting the rights of possession."

The benefits of the act also are available to any person in military service in respect of contracts of insurance in force under their terms up to but not exceeding a face value of \$5,000 irrespective of the number of policies held.

The provisions of the act also apply when any taxes or assessments falling due during the period of military service in respect to real property owned and occupied for dwelling or business purposes by a person in military service or his dependents at the commencement of his period of military service and still so occupied by his dependents, are not paid.

Your 1918 auto license is ready for you, Louis Hiner, at the Republican office.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Druggists handle Allenhu in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit. (Adv.)

Over Here Save and Sew

Economy is the keynote of the work to be done by those who stay at home. Women who have never before done their own sewing are turning cheerfully to the needle in order to cut down the costs of home management. In doing this they are finding a new interest—a new pleasure—in making and designing their own dresses.

To all who are earnestly helping the nation conserve we enthusiastically call attention to our complete showing of

LaPute Wash Goods, Dress Fabrics and Silks

Our new Spring assortment is unusually resplendent in dainty colorings and attractiveness of design at a period when individuality in dress materials is hard to express. To those who prefer distinctiveness in materials—who want style combined with durable quality, we unhesitatingly recommend our showing of

Georgette Crepe	Poplins	Ginghams	Military Plaids
Crepe de Chine	Swiss	Madras	Ottomans
Piques	Dimities	Lawns	Cordelaine
Chiffons	Voiles	Novelty Weaves	Serges

We invite your early visit to our dress goods counters with the warning that first comers will have a much greater choice from which to make a pleasing and satisfactory selection.

KEEP HOME GARDEN FERTILE; CLEAN OUT ALL RUBBISH EACH YEAR

In Your Home Garden

"Dig deep manure well work often." Thus Pliny the Elder, nearly 2,000 years ago, summed up gardening. His advice is good today.

Enthusiasm must be backed by solid purpose—enough of it to surmount obstacles and survive disappointments.

The best insurance against accidents in gardening is knowing how to garden.

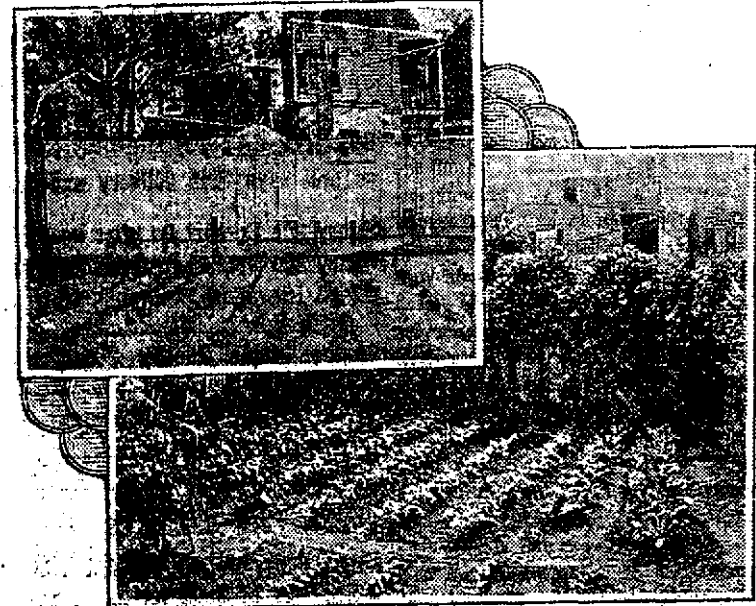

The garden should always be cleaned up in the autumn as soon as the crops are out of the way, and the area seeded to some green crop such as winter oats or rye. If this has not been done the dead vines, cabbage stalks and other refuse

kills hibernating insects, as well as loosening up the soil, breaking down clods and making the soil generally more loose and friable. Soil that has been plowed or spaded, moreover, will dry out and become workable sooner than that not so treated.

Lighten Heavy Soil

If the soil is at all heavy it is advisable to make an application of air-slaked lime as soon as the plowing is done. The lime should be applied at this time so as to become thoroughly mixed with the soil before the manure is applied. Manure and lime should not be applied at the same time, as the lime will cause loss of the nitrogen in the manure.

To produce satisfactory crops of vegetables the soil must be kept in a high state of fertility. It is an excellent plan to apply stable man-

In the Upper Picture (an Unsightly Back Yard After Being Cleaned Up and Planted to Irish Potatoes. Lower Picture, the Same Area Later in the Season. Beans, Chard and Cabbage Have Followed the Potatoes, and Lima Beans Have Hidden the Board Fence.

should be gathered at once and burned. This material is liable to harbor insects and contain disease injurious to garden crops, and no chances should be taken with it.

Provide Good Drainage

If the area in the garden is not well drained this should be corrected by using tile drains spaced every 10 to 20 feet, or by open ditches, or by bedding up the soil, leaving the space between the beds for drains.

The ground should be plowed as soon as possible. If hard freezing is sure to occur after the plowing is done it does not matter if the ground is a little wet. It is particularly desirable to get the plowing done before freezing weather is past, as the alternate freezing and thawing

are to the freshly plowed or spaded soil, this to be worked in either with a disk harrow, or in cases where hand labor is employed, with a hoe or rake. This should be followed later on by a surface coat of well-rotted manure, applied about the time the crops are planted.

A simple test to determine when garden soil is ready for plowing or working is to take a handful of earth from the surface and close the fingers tightly on it. If the earth compacted in this way is dry enough for cultivation it will fall apart when the hand is opened. This test is applicable only to comparatively heavy soils, but it is these which receive the most injury if they are worked when wet.

SENT TO CAMP MERRITT, N. J.

Austin Joyce With Four Carloads of Boys Through Here

Austin Joyce of this city, who has been in training at Camp Taylor, Ky. for several months has been sent to Camp Merritt, N. J., according to

letters received from him. He has been transferred from the 325th artillery regiment, to which he was attached, to a machine gun corps in which he expects to see service in France soon. It is believed that Camp Merritt was the destination of the four carloads of soldiers which passed through here with Joyce from Camp Taylor, last week.

ECKMAN'S
Calcerbs

INVALUABLE FOR COLDS

It taken in time this Calcium compound lessens the risk of chronic throat or lung trouble. All the remedial and tonic qualities are combined in this Calcium compound. No harmful drugs. Try them today. 50 cents a box, including war tax. For sale by all druggists. Eckman Laboratories, Philadelphia

WILLARD TO MEET FULTON

(By United Press.)

Chicago, March 25.—Jesse Willard and Fred Fulton signed an agreement here today to meet July 4, for the heavyweight championship of the world. The place was not named. Fulton is to get \$20,000 and Willard 75 per cent of the net receipts.

PLAY TOMORROW NIGHT

Knights of Pythias Will Present "Damon and Pythias"

Seats went on sale today for the play "Damon and Pythias" which is to be given by the Knights of Pythias tomorrow evening in the Graham Annex. The plot is at the Hargrove and Mullin Drug store tomorrow also although persons wishing to do so may procure their seats tomorrow evening at the time of the play. Between the acts of the play, which has gained favorable comment in a number of places where it has been given, will be a varied program including a violin solo by Charles Ernest Parke, a patriotic reading by

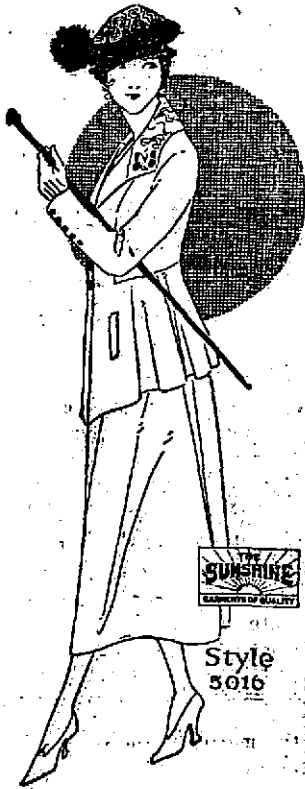

Miss Gladys Bebout and a selection by a male quartette. The proceeds from the play will be divided among the soldiers of the lodge and the Willing Workers of the Methodist church.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skin. The E. W. Rose Co., Cleveland, O.

The Food Administration Says:

If every family in the United States had just one wheatless meal each week—just one a week—the total saving of wheat in a year would be 90,000,000 bushels. The food administration has asked everybody to have two wheatless days a week and one wheatless meal EVERY day. This is easy for each individual, but imagine what the total saving in wheat will be!

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is again making a comeback, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a beautiful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure of dandruff or prevention of disease.

Elder A. W. Harvey of Indianapolis will have charge of the services at the Church of Christ at Little Blue River church in Center township, Rush County, both morning and evening.

THIRD LOAN TO BEAR FOUR AND A QUARTER

Issue Will be \$3,000,000,000 And All Oversubscriptions Will be Accepted

BONDS NOT CONVERTIBLE

(By United Press.)

Washington, March 26—The third Liberty Loan to open April 6 will be for \$3,000,000,000 at 4 1/2 per cent interest and all oversubscriptions will be taken.

Bonds of the first loan, bearing 3 1/2 per cent interest and of the second loan at 4 per cent, may be converted into the new bonds, but those of the third loan will not be convertible into any future issue. This announcement was made by Secretary McAdoo with the comment that "the great events now happening in France must fire the soul of every American with a new determination to furnish all the dollars and all the material resources of America that are needed to put an end to the execrable atrocities of German militarism."

In connection with the loan, the secretary plans to establish a sinking fund with which to purchase back any bonds of the third loan thrown upon the market, in order to aid in keeping the price up to par. The maturity of the bonds is yet to be determined, but it was officially stated that they would be a long term, probably between twenty and thirty years.

Amusements

Another Geraghty Scenario

Something new in the way of emotion, a human sentiment which has never been fully realized and which has never comprised the theme of a screen play has just been introduced to the inarticulate drama in the Parloito Play, "Within the Cup," which features Bessie Barrislee and which will be shown at the Princess theatre Wednesday. The scenario was written by Thomas J. Geraghty, formerly a newspaper man here.

The emotion which has kindled a dormant flame in the breasts of all those who have viewed the picture deals with an uncanny lack of confidence in the sincerity of a woman's reverent love. She is certain of the fidelity of her lover; she knows that her ardor is true, that it is sincere. Her whole soul is racked by her devotion—yet an indomitable power draws her from her lover. She fears a curse which she knows has been cast upon her soul and which even

CHANCE TO WRITE A LONESOME SAMMY

Letter From Young Soldier in Georgia Camp Asks For Letters And Cards

OTHERS SEND SAME REQUEST

The wistfulness with which the soldiers await the arrival of the camp mail trains is evident by the numerous letters which have been received at the office of the Daily Republican, bearing the postmark of army camps in which the writers ask that their names be published, hoping that some sentimentally or at least patriotically inclined young woman may weave the proverbial web of romance about their names and brighten their days at the camp which—aside from the drill, drill, drill—has very few features of interest.

The latest arrival from a "Lonesome Sammy" came today from Thomas Costa of the 28 division C. P., Camp Hancock, Augusta, Ga., and in a brief, well-written message the young soldier stated that he would "like to exchange post-cards with Indiana people." Whether he is a native Hoosier or not was not contained in the letter but nevertheless his appeal offers an opening for the pent up patriotism in Rush county.

IS IN SPRINGLIKE CLIMATE

Hospital Unit is Kept Busy Night and Day

The Base Hospital number 32 is in a delightful climate according to a letter received this morning by Denning Havens from Al Sanagan with the unit and who has visited in this city frequently. He stated that it was getting warmer and that at that time it was like spring "up here." That members of the unit are quite busy was shown in his statement that "we work day and night and love it too."

the mighty force of love cannot overcome.

A romantic story, filled with love, youth and inspiration, is the basis of the plot for, "The Son of His Father," being shown at the Princess theatre this evening with Charles Ray in the leading role. On Friday Marguerite Clark appears in another of the popular "Bab" stories (this one being "Bab's Burglar.") At The Gem

This evening's show starts promptly at 7 o'clock when, "The Ordeal," a masterful drama will be featured. The loyalty of the hero of the play stands out in the production as he refuses to betray his country at the cost of the lives of his loved ones. Scenes depicting conditions between the German and French lines are also shown.

PLANT YOUR HOME GARDEN EARLY

Diagram your ground, allot the space to the vegetables you want to grow, buy your seeds, have your tools at hand, prepare for the opening of the growing season.

GET READY TO PLANT

By knowing what and where and how much you want to grow, by being prepared with your seeds and tools, by mapping out your work in advance, you will grow more and better vegetables and save time, labor and money.

INCREASE FOOD SUPPLY

Every peck of vegetables produced for home use this year, on land that never before grew food, will mean wheat and meat released for our armies and the Allies. More food means more ammunition.

HELP WITH A GARDEN

If you don't know how to garden or want to refresh your knowledge on the subject, write for bulletins that will take you through all the steps in making your back yard produce food.

U. S. Department of Agriculture, Washington, D. C.

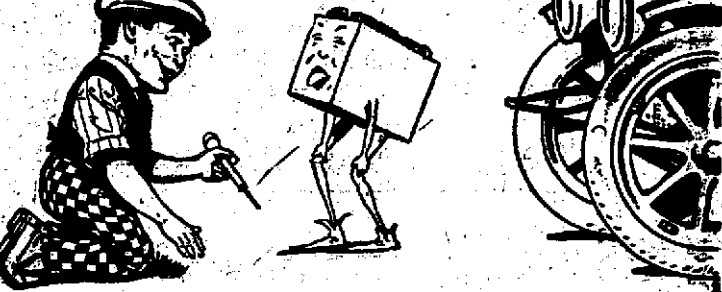

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and glossy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-faren not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them. A treatment of lecithin and iron peptonate as combined in Bio-faren increases the appetite, aids nutrition and invigorates the patient. And Bio-faren in its pellet form is easy and palatable to take—no liquid.

Iron discoloration of the teeth, no unpleasant taste. There is no secret or mystery about Bio-faren. Doctors prescribe it regularly because they know exactly what it contains, as well as what it will do and they know they could not formulate a better up-building tonic. The action of Bio-faren on the system is so beneficial that we are sure of its giving you positive health and vigor, providing, of course, there is no serious chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied. There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-faren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking. Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Santal Remedies Co. Inc., Cincinnati, Ohio.

FREE ATTENTION FOR YOUR STARTING & LIGHTING BATTERY

WE want you to get in the habit of letting us inspect your battery (regardless of its make) regularly. This we do free of charge, thus materially increasing the life of your battery. Should repairs be necessary we will make them at moderate cost.

The "Exide" Starting and Lighting Battery

gives you a service on which you can always depend and at the very minimum of cost. Remember, it's the battery chosen by the U. S. Navy for Submarines, gun firing and wireless service. That's a recommendation that's hard to beat. Take advantage of our free service.

THE BULL-DOG BEATER WHEEL

This bull-dog wheel is all that its name implies. It is one of the foundations on which the Litchfield Spreader Line fairly stands.

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim **THIS ONE PATENTED FEATURE** to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that **CANNOT BE CLOGGED** by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set of teeth working ahead of another set. What one set of teeth fail to get the other set takes good care of. Come in and see it and we will explain all the details.

It does the work that **TWO** beater wheels would do, if it were possible for two wheels to operate on the **SAME SHAFT** and in the **SAME SPACE**, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it **TAKES CARE** of the material as it comes from the box, tears it into pieces and distributes it with uniformity and **WITHOUT PACKING OR CLOGGING**.

The whole secret is the peculiar makeup of the diamond pointed **LONG** and **SHORT** teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost negligible.

Make Feather Pillows For American Boys

Families of Former War Heroes Ask Donations of Feathers For Comfort Pillows For the Fighting Sammies—Legion of Loyal Women Have Already Made up Two Thousand Pounds of Feathers.

Washington, March 23.—Wives, widows and daughters of Civil war veterans are making feather pillows for soldier convalescents. These women, many of whom are between sixty and eighty years old, are sewing seams and filling the cases with feathers. The work is done in the name of the Legion of Loyal Women, who have made the supplying of leather pillows for military base hospitals at home and abroad part of their war work. The American Red Cross Hospital at Neuilly, France, has been provided by them with hundreds of these pillows.

Mrs. Mary Logan Tucker, daughter of the late General John A. Logan, and President of the Legion of Loyal Women, stated that last year the women made up about two thousand pounds of feathers which had been donated for the purpose by women all over the country. After the feathers were renovated they were made into hundreds of pillows, not only for beds, but for train pillows and little comfort pillows to be used for resting broken arms and wounded limbs.

Mrs. Tucker says that the Legion of Loyal Women will now provide pillows for the military hospitals wherever desired, and that this offer has been accepted by the Surgeon general of the Army. Within the past week, 157 three pound feather pillows, made in conformity with Government hospital regulations, each provided with a pair of white muslin slips, have been delivered for use in the camps.

Mrs. Tucker requests that contributions of feathers to be used for hospital pillows be sent to her address, 1236 Euclid Street, Washington, D. C.

PAPERS CAUSE FIRE SCARE

A fire scare was given last evening shortly after eight o'clock when smoke began curling from above the Poe Jewelry store from an unknown source. The alarm was sounded and the chemical truck made a quick run from the fire engine house, to find that the smoke was coming from a stove in the room above the jewelry store in which papers were burning. Quite a crowd gathered on the scene at the sound of the alarm.

Is Back With New Treatment

Fully Convinced Now About New Rheumatic Treatment—Pains Are Almost Entirely Gone

Robert Malcolm, 8, of 1317 Walnut street, Cincinnati, O., the man who told several days ago what Tanlac Rheumatism Treatment had done for him in three days has kept taking the treatment since and is now fully convinced of the new treatment's merit.

"This Tanlac Rheumatism Treatment with its radium is the best medicine for rheumatism I ever tried in my life and I've tried lots of them, too," said Mr. Malcolm.

"I expect there were some folks who were a bit skeptical when I told a while back of the good Tanlac Rheumatism Treatment had done for me in just three days. They didn't think a medicine could help a person so quickly and neither did I until I started taking this medicine."

"The pains I used to have in my knees and the calves of my legs are almost entirely gone now. They used to be so bad that I could hardly climb up the two flights of stairs to my flat but that's easy for me now."

"I hope my statement will cause others to try Tanlac Rheumatism Treatment that's why I'm giving this statement. I know I'd want somebody to tell me if they knew of a medicine that would really help rheumatism."

Get Tanlac Rheumatism Treatment today and get a real medicine for rheumatism. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous home (Ad.)

LEGAL COMMITTEE TO AID SOLDIERS

Body to be Appointed by Council of Defense For Benefit of Drafted Men

WILL HELP AVOID HARDSHIP

Committee to be Composed of Lawyers, Business Men and Red Cross Representative

Drafted men, if they take the opportunities offered to them by the new department of the Council of Defense, may receive free legal advice and arrange their affairs to make provision for their dependents and care of their property, so that when the final call comes, little confusion and hardship will result.

Chairman T. M. Green of the County Council of Defense has received instructions from the state council to mobilize the lawyers of the county and to create a legal committee to advise soldiers and sailors. The committee is to be composed primarily of lawyers but is to include also a business man and a representative of the Red Cross Home Service Section. Chairman Green has just received the instructions and has not yet made the appointments.

In addition to the call that will come upon this committee from the drafted men, the 1,500,000 men already under arms and their dependents need legal advice in order to protect their civil rights and claim the benefit of war emergency legislation. The services of this committee will also be at the disposal of the men already in service.

The duties of the committee will be as follows: To explain the selective service law to drafted men. To give legal advice as to the benefits of war risk insurance, allotment of soldiers and sailors pay by the Federal Government, Government family allowance, the Soldiers and Sailors Civil Rights Act if it becomes a law and other war emergency laws relating to men entering the service.

The Home Service sections of the Red Cross in many communities have information service in this regard organized and in operation. Co-ordination with their work on this point should be arranged so that their work may not be duplicated unnecessarily. The committee should also assist in drawing up the papers necessary to be filed to claim the benefits of the foregoing laws.

To draft wills and attend to caring for the property and settling the business affairs of men entering the service.

To represent soldiers and sailors in court where necessary and obtain for them the benefits of the civil rights act when in force.

To arrange to attend to such business matters as require and are capable of attention in the absence of men in the service.

To report to the Red Cross Home Service Section, cases requiring relief which comes to the attention of the committee.

CHRISTIAN ENDEAVOR TO HOLD BOOSTER WEEK

R. A. Walker, Indiana Field Secretary, Will Speak at Homer Christian Church

THE PASTOR ALSO WILL TALK

R. A. Walker, field secretary of the Indiana state Christian Endeavor, will deliver an address on "The West Point of the Church," at the Christian Endeavor Booster week program which will be given at the Homer Christian church during the first week in April. Mr. Walker will appear on the program on Thursday evening April 4.

The initial meeting of the booster week program will be held on Monday evening when the pastor, the Rev. P. O. Ott will deliver the opening address. "Getting Young Jones to Church" will be the subject of the address on Monday evening; on Tuesday evening, "The C. E. and Young Jones," on Wednesday evening, "Bible Jones."
